CHAIN O'LAKES PARK ADDITION - what effects ?

Congressman Robert McClory joined Governor Ogilvie in announcing Thursday a federal grant of two million 15 thousand dollars for the purchase of 2,150 acres of land to be added to the Chain-O'Lakes State Park. The grant will more than double the size of the Park, which is located about four miles west of Antioch on Route 173 and contains Illinois' largest concentration of natural lakes. The funds that are being released are intended to increase Chain-O-Lake's utilization and present

incompatible development. The additional acres will be used for camping, picnicing, hiking, fishing, nature study, and improvement of wild life habitat.

The money is provided under the program of the department of the Interior's Bureau of Outdoor Recreation. The park expansion program will cost \$4 million dollars with the state picking up 50 per cent of the purchase price.

In announcing the grant, Congressman McClory declared "This development represents

an extension of the policies of President Nixon and Governor Ogilvie to provide expanded open space lands for the retention of natural beauty and recreation activities which are compatible with preservation of the environment."

McClory continued, "I am pleased our district has benefitted from this action." The state owns nearly 2,118 acres of land in the nine-lake chain and 2,710 acres of water, but only 900 land acres are suitable for recreation or camping. He continued:

"The remainder is bog land

unsuitable for public use and requiring conservation for its own sake as breeding grounds for wildlife."

But is the District as pleased as McClory? What happens when the open space lands currently house one of the areas largest businesses, namely, Thelen's Sand and Gravel. Three other area business' will be effected because of the park expansion: They are International Harvester Proving and Testing Grounds, The Skokie Valley Asphalt Company and Ziegler's Plumbing.

According to Mr. Perry Roberts, who is the Assistant Conservation Director, the appraisals of the businesses and the land in the area are already under way. Those what will be effected by the park expansion will be notified with an offer within 30 to 90 days.

It is not known when the project of expansion will begin. An authority from Governor Ogilvie's office in Springfield said, "It is against federal law to begin the project at full speed. The land must be purchased first and then the minute they acquire the title they will begin working on that particular parcel. This particular park expansion will probably be put on a very fast track."

How do the effected businessmen feel about the expansion and if these businesses are forced to shut down, how will it affect the community?

When Mr. Ziegler of Ziegler's plumbing was asked how he felt about the news of the expansion, he said, "I don't believe

?????DOES THELEN'S SAND AND GRAVEL COMPANY REALLY LOOK LIKE A STATE PARK?????(staff photo)

VOCATIONAL SCHOOL NOT TO BE!

Last Wednesday night at a special meeting held by the High School Board it was decided that Antioch will not take part in the study to consider the feasibility of a vocational school that is very much needed in this area.

There was much discussion concerning this issue and many questions and alternatives were brought up. Could the school really afford to support this study? The study will cost the high school approximately 68 cents per student, which would add up to \$1,000 or more. Where

will the school get the money to join this study? It was pointed out that without additional funds the school just wouldn't be able to take part in the study.

If the Antioch High School were located in Ohio, they would be forced to participate in a study such as this. If, that were the case here, the burden of making the decision would be taken away from the board and instead they would be faced with the insueing financial burden. However, Antioch is located in Illinois and so the

decision was the boards. Following much debate the board regrettfully elected not to support the study.

The following motion was passed:

"We will notify the committee that, because of our present financial position, we have elected not to participate in the study for the vocational training center; and should we find that our position changes in the future and that we would like to participate in the program, we will agree to pay a fee equal to

SKI PATROL READY FOR SEASON

Each year the Wilmot Ski Patrol puts every patroller through an extensive First Aid and Hill Refresher. Under the direction of Jerry Fowler, Ski Patrol Director and Bill Simonsen, an 8 hour practical First Aid Refresher was performed on October 22nd. This past Sunday, another 4 hours were spent perfecting the Chairlift Evacuation and the Snow Mobile Safety. Once the snow flies, an additional 4 hours will be required by each Patroller in toboggan handling. This refresher is a requirement for membership to the National Ski Patrol System.

Some of you may have gone hunting or were watching the football game but these dedicated Patrol men and women spent part of their Sunday perfecting themselves for the safety of all skiers. Impressed with the Wilmot Ski Patrol and the fine area for skiing, yours truly may need the help of this volunteer service this coming winter.

Local Members of the National Ski Patrol from Wilmot are getting ready for the up-coming skiing season. They are l to r: Dick Tobias, Fran Walpole, Barb Tobias, Jerry Fowler, Who is the director of the ski patrol, Marge Warner, Delores Abderholden, and Angie Maras. (staff photo)

The Wilmot Ski patrol is preparing for the winter season of skiing by taking a refresher course in safety and rescue operations. Marge Warner is pictured here as she takes part in a mock removal from the hoist. This procedure would be carried out in the case of a power failure, etc. (staff photo)

**"TORK" TALKS**

by: "Tork" Torkleson

When buying a new car, nowadays, there are so many new options to be considered. What should you get and what shouldn't you get? What options are really necessary. Read Tork Talks each WEEK TO GET THE ANSWERS TO THESE QUESTIONS.

Which Kind of Wheel Covers Should I Get?

Many cars come with some kind of wheel covers as standard equipment, particularly as you move up the price range toward the higher-priced models.

If the car you select does not have wheel covers, you have to ask yourself whether or not you'll be satisfied with the standard-equipment hubcaps or, perhaps, wheel rings. If not, then you probably have a range of wheel covers to select from as an option.

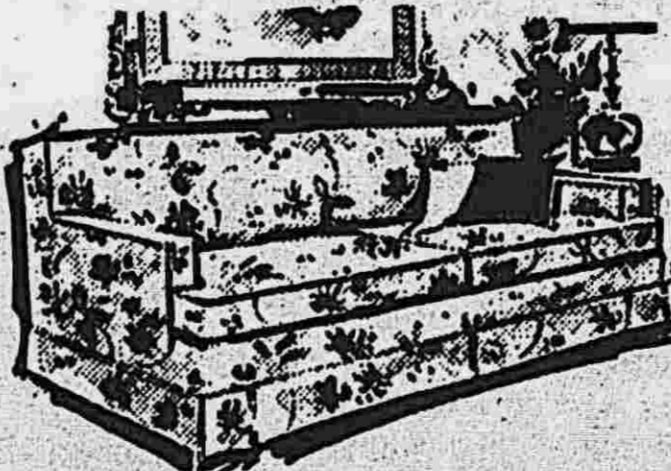

If the car you choose does come with wheel covers, you might ask yourself if you like those as they appear on your make, model and choice of exterior color. If not, you again undoubtedly will have a selection of other wheel covers to choose from.

Wheel covers are considered decorative, and are therefore an esthetic appearance item.

Wheel covers can simulate wire spoke wheels, titanium-alloy and magnesium wheels. They also come in a wide variety of finishes and designs, sometimes even color-keyed to the body paint.

CAMPAIGN CIRCUS

We can now step down off the merry-go-round as the elections have finally taken place and the campaign finale will come to a startling halt. We can all finally breathe a sigh of relief.

The entire year of 1972 has been filled with a barrage of heavy and in some cases desperate campaigning. There has been no relief for the candidates or the public. From January on the parade has been steady as the nation was subject to primaries in various states and then on to the conventions this summer. On the local level the candidates have been busily campaigning for lesser but equally important offices as any roadside poster-plastered tree can tell you. Speeches were made by the reams in every part of every state. Over and over again promises were made, solutions were offered and, in some cases, accusations were made.

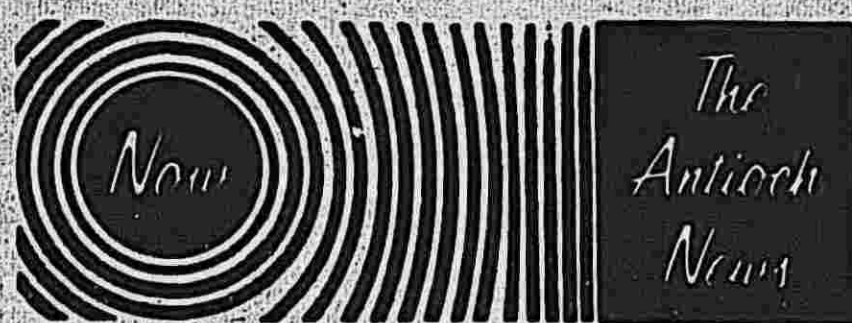

What was really accomplished by all this fanfare? Did the public get to know their candidates any better over a period of six months than they would have in six weeks? Were the millions of dollars that were raised and spent all over the United States really well spent? These questions are all hard to answer, if not impossible.

But, there must be something that can be done to bring the campaigning fiasco down to a more sane, moderate yet effective level. One way to do this would be to put some "stops" into the system. There should be some groundwork laid as to rules and regulations of carrying on a campaign. If the anything goes policy continues, candidates may begin their campaign years in advance and the campaign year might be expanded into two years and then on into three. The candidate with the most money will have the best and probably most effective means of campaigning, merely because he will be able to expose himself to a greater degree, than his poorer, but maybe better opponent. If regulations were initiated and held by both parties with the same respect, all candidates would have an equal chance to be heard to the same extent. Regulations should be set forth concerning the length of campaigning and the money that is spent on this painstaking but necessary ordeal....

With the perfected and effective means of mass communication and transportation that this nation knows at this time there should be little reason for such lengthy campaigns during which time little of anything else is accomplished.

And finally, with the state of our school systems, the rate of crime, the condition of our water and skies, and the problems of our inner cities, there is but little wonder that millions of dollars invested in flyers, hand bills, advertising, news releases, and commercials, this year could have been better spent.

NEWSPAPER ASSOCIATION

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

Dear Mr. Rush:

Congratulations on the recognition given your newspaper in the Illinois Press Association's Awards Program in Springfield recently.

As the largest and most prestigious newspaper awards contest in the nation, your being judged a winner speaks highly of your staff and the quality of your publication.

The recognition granted you should be reassuring to your subscribers, who really have no other exact way to judge the newspaper they often take for granted. The professional appraisal of the judges tells your subscribers that they are served by a newspaper of excellence.

Now your readers can reaffirm what you and I already know... that you continually strive to present fair and impartial reports of events that are changing this world in which we live.

All of this will not eliminate the fact that editors and publishers must continually weave through a wide variety of outside pressures... pressures that would dictate news and editorial content. The amazing thing is that so many newspapers not only withstand these assaults on their integrity and responsibility, but continue to maintain news coverage objectivity and editorial independence.

We say all this sincerely through knowledge gained by at least five of us on the staff of the Association of Illinois Electric Cooperatives during prior years spent working on weekly and daily newspapers.

To you, your staff and subscribers, congratulations on the public acknowledgement of your professionalism. Warm regards with the Electric Cooperatives of Illinois.

Sincerely,
Thomas H. Moore

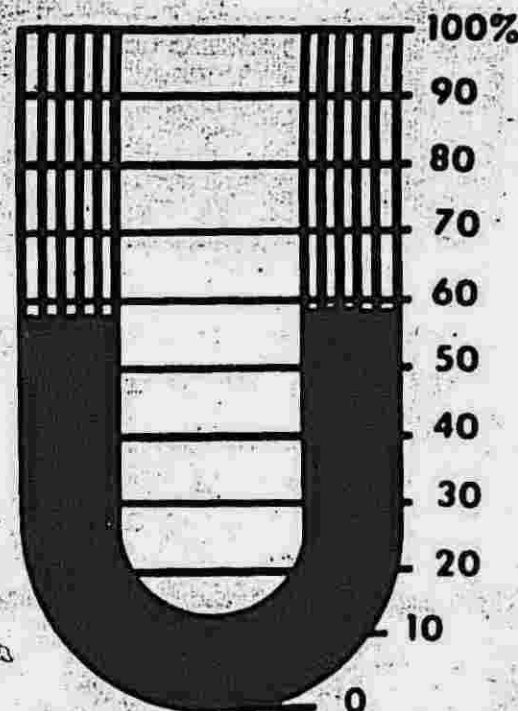

UNITED FUND NEAR GOAL

United Community Service's United Fund goal of \$740,437, is within reach. The November 3rd report shows a total of \$670,896 has been raised, reaching 90.6 percent.

That remaining percent which represents \$69,451, is always the hardest to achieve. Division Colonels and their volunteers are making a special effort to pick up all accounts during the next week.

Notable contributions helped the United Fund climb from 79.5 reported on October 26th, to the present 90.6 percent. Employees at Anchor Hocking contributed \$5,589. Sears employees increased their giving by 29 percent. Pioneer Title, in Waukegan, presented the United Fund with a \$1,000, firm gift. The Jewel on North Lewis in Waukegan, reports close to 100 percent participation from their employees. The Jewel also presented a firm gift of \$700.00.

BIKE-A-THON THANKS

The American Cancer Society thanks you for all your help and cooperation which made the Bike-A-Thon such a huge success. We couldn't have done it without you.

Giving this special event for the American Cancer Society such generous support is indeed appreciated. On behalf of the Board of Directors, American Cancer Society, Lake County Unit, I wish to say "Thank you very much" for your interest and support in the Crusade against cancer.

The great programs of the American Cancer Society will be extended in Research, Education, Service and Rehabilitation due to the efforts of all the volunteers, donors and others who give of their time, money and abilities.

"Forty Days and Forty Nights"

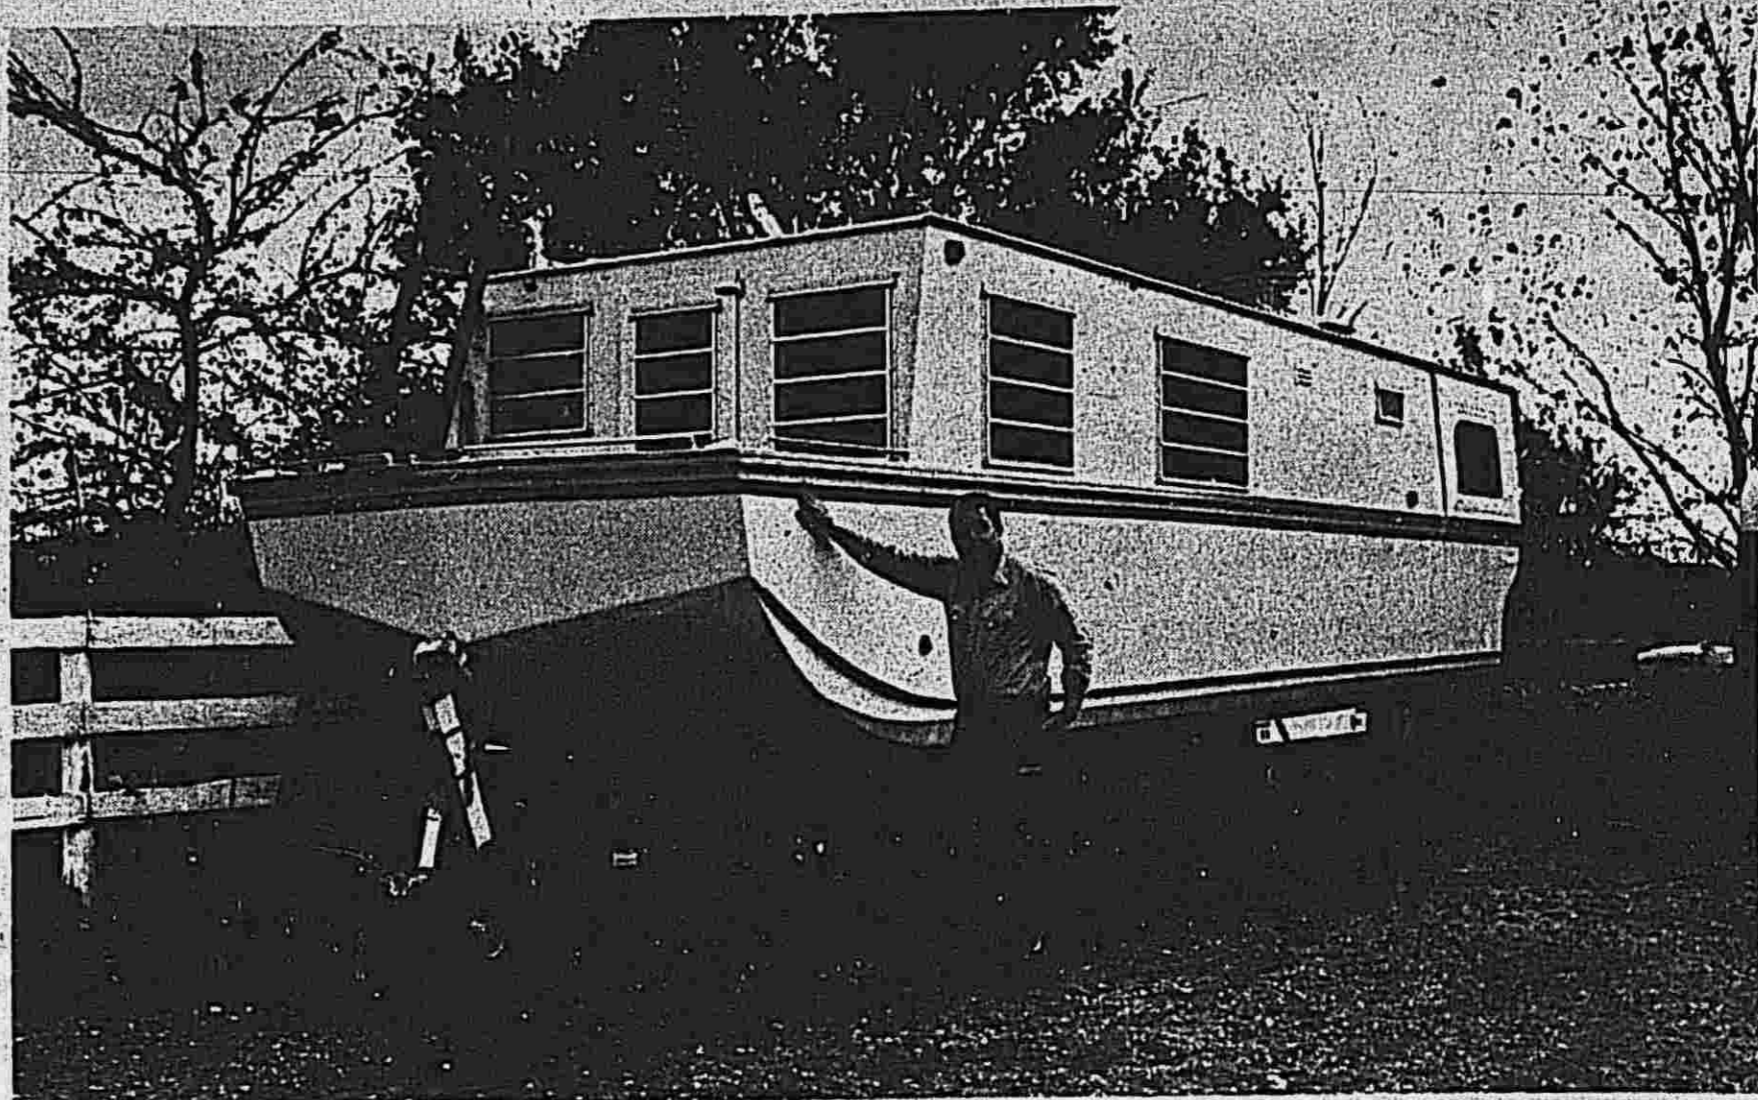

After five years of planning and a year and a half of building, Mr. Gade's dream has come true. Mr. Gade's dream was to build a sea worthy house boat that would take his family on a fantastic voyage. Mr. Don Gade, who owns the Circle G Egg Ranch on Rte 173, has just about completed the house boat. It is 32 feet long and weighs 7,000 pounds. It contains over 7,000 feet of electric wiring and two 120 hp engines. The houseboat was constructed in Mr. Gade's workshop. The boat was built entirely by Mr. Gade with the exception of his son's help. David is 11 years old. The boat's interior is completely carpeted and paneled. It also has a stereo tape system built in to the ceiling and is equipped with oven, stove, refrigerator and bathroom.

But where and when does Mr. Gade plan to use this giant of a dream? That's a good question. After Thanksgiving, Mr. Gade will close down the Circle G Egg Ranch and head towards Clinton, Iowa with his family and his boat, and this will be the beginning of a year and a half trip for the Gades.

In Clinton Iowa the boat will be launched in the Mississippi River and the family will travel

to New Orleans, the Gulf of Mexico and to the tip of Florida as far as the Key Wests. The Gades will then cross the Atlantic to the Bahamas and will cruise the whole chain of the Bahama Islands, about 2,000 miles. The West Coast is next on the chart as they travel to Vancouver to the north inside pass of the Pacific winding up in Skagway, Alaska. They will then travel 1,200 miles down the Ukon River to the North Arctic Circle and then back down thru Fairbanks and Ankerage Alaska. The Gades will then return to the Bahamas for the winter, where David will attend school.

The family will then return to Antioch in May of 1974 and at that time they will reopen the Circle G Egg Ranch. They have traveled about 22,000 miles by water and will have thoroughly used the \$50 worth of maps purchased for the trip, and the six months of plotting the trip will have been worthwhile. Don Gade's wife Jessie will be first mate and his two sons David and Dale, will be the skippers. This is the first trip that the family will be taking by boat, good luck to them and we wish them many more.

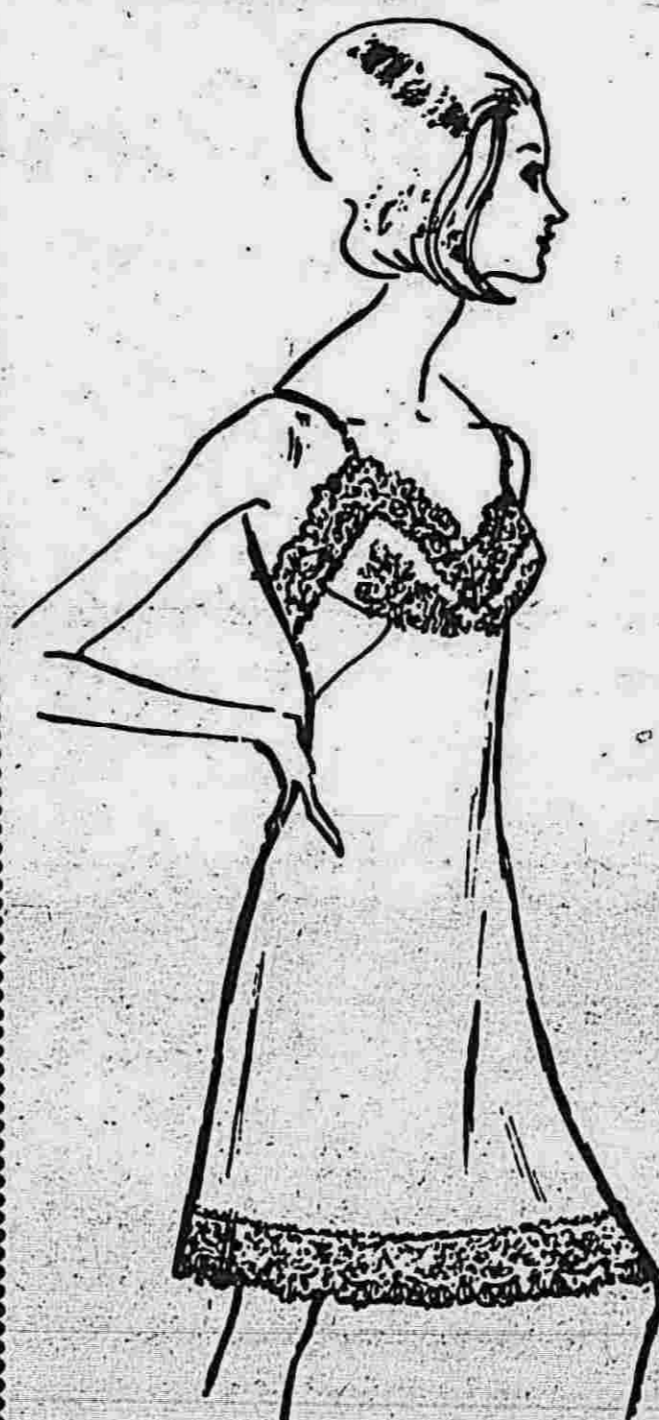

Mr. Don Gade proudly stands beside the boat that he made with tender loving care and that will carry his family half way around the world and back again. (staff photo)

The Gades will live in luxury throughout their cruise as the interior of their house boat has every comfort of home. It is complete with television, stereo system, stove, oven refrigerator, and even a bathroom. (staff photo)

This complicated control board will guide the Gade Family as they travel down the Mississippi on into greater waters as they leave on a year and a half cruise. (staff photo)

WALTER J. SCHILLER - OWNER

Along the Way with *Annie Mae*

Mark November 15th on your calendar and "get involved." A group of eager parents of ACHS students will meet at 7:30 to lay plans for the up and coming referendum. Let's help in any way we can.

Ed and Evelyn Strang recently returned from a trip out East to attend a convention. While there, they enjoyed a concert of the Boston Pops, and touring the eastern states.

Get well wishes to Mrytle Haase who recently underwent surgery at Victory Memorial Hospital.

Belated November 1st Anniversary wishes to Lee and Maria Collins and on November 3rd to Lenore (Jahneke) and Robert Dunlap, Jr. Best wishes to Barb and Les Miller who are celebrating on November 19th.

Birthday wishes to 1 year old Anthony Michael Maglio, on the 11th, to Marge Poulos on the 8th, Agnes Ferris and "Missouri" Cunningham on the 9th, to Frank Benes, Jr. and Bill Carney on the 10th and more wishes go to Kim Burdick on the 13th.

A word from Debbie tells us that her mother, Joan Toft, is glad to be home from the hospital and coming along just fine following surgery.

A special "sorry" and get well goes to "Grandma" Viv Mapletorpe's mother, who at 76 broke her arm. No baseball with that young one for awhile.

Veteran's Day will be celebrated on Saturday, November 11th. So remember many local banks, etc. will be closed.

Wedding congrats to Craig Rosemann and Patricia Toman who will tie the knot this Saturday, November 11th at St. Peter Church. Also John Jedele and Mary Dost who will be married November 18th.

A group of Camp Hastings Y Indian Guide parents went out on the town Saturday night. Heard everyone waddled home after a full night of eating at the El Bianco Club.

The Willmot Ski Patrol is busy getting ready for the ski season - a large group of volunteer workers spent Sunday at the hills - going over chair evacuation and first aid tactics. They are a dedicated group of individuals.

Got your dancing shoes shined up for the annual Fall St. Peter's Dinner Dance?

Have you cut out ALL of your coupons for the FREE TURKEY DRAWING? Only one more week left. Cut them out and make a round of our merchants. You have 30 chances for the turkeys as well as the opportunity to start your Christmas Shopping early. Do your shopping in Antioch. Save

time, get the best, and keep your money where you live.

Get well wishes Tom Haley, Jr. who is in Victory Memorial Hospital after suffering a heart attack.

Hear Man of La Mancha. PM & L's opening play of the season is really great. Don't forget tickets are still available for Nov. 10 and 11 and 17 and 18th.

Remember today, November 8, is the First National Bank Grand Opening. The open house is from 11 a.m. to 8 p.m. and now is your chance to see this lovely new facility of OUR town.

See ya there

Annie Mae

Republicans joining together for a coffee hour that was held at the Antioch Country Club are left to right: John Darrow, Frank J. Nustra, Jack Hoogaslan, Stephanie (Pucin) Sulthm, Donald Deuster, Oscar A. Lind, and Karl Berning. (staff photo)

ELEMENTARY EXPANSION IN SIGHT

Continued

building space prior to September of 1974 and arrangements must be made in advance in order to provide the needed space at that time. The current enrollment in the kindergarten to eighth grade program is 17,000 and the projected growth

for the year of 1974 is between 19,000 and 20,000. Arrangements must be made now to provide for this projected growth.

This figure is a conservative one, since it doesn't take into account any large developments in the area. It is

estimated and based on past growth. However, it is very likely that Antioch's growth will be greatly hastened by proposed building developments such as Pheasant Creek and the Thunderbay Development.

BUSY VILLAGE BOARD

Last Monday night at a lengthy Village board meeting many things were decided. Some of the decisions were more important than others as to be expected, but all of the points of discussion will have direct bearing on the citizen's of Antioch.

Several events were added to the calendar. The week of November 12-18 was proclaimed as Disability Week. And on farther into the next year, July 21st was set aside for the Chamber of Commerce's Arts and Crafts and Antiques Day.

The Triton Building Development again had their building permit extended because official word hasn't been received on the subject. The permit was extended until November 20th.

The Sewer system in Antioch was discussed in great length

and many building permits were considered and acted upon.

Open burning was also discussed. It seems that not being able to burn leaves at this time of the year has caused a lot of problems in the area not to mention the inconvenience experienced by all. Under the present ordinance residents are permitted to burn their leaves in a covered container that is properly ventilated. This is not approved of by the State however. Other cities have passed through an open burning ordinance in this area and the board has decided to check into doing the like here in Antioch. Whether anything will come out of their findings or not is uncertain, but it was agreed that it would at least be worth a try.

Remember When?

REMEMBER WHEN? We don't, but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify. For others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office.

BIKE-A-THON REPORT

"Partridge Family" and American Cancer Society co-sponsored First Annual Bike-A-Thon Fund-Raiser - Mr. John Ginocchio, Pioneer National Title Insurance Co., resident of Waukegan, remarked that the Partridge Family moved out of its psychedelic bus and on to two-wheelers on October 28 when the first annual Partridge Family - American Cancer Society Bike-A-Thon took place in towns and cities throughout the country.

In Lake County three routes were in use - and following were chairmen: Mr. Phillip De-Prinzio of Waukegan - the Zion to Antioch route, Mr. Dennis Harrington of Round Lake - the Waukegan to Round Lake route and Mr. & Mrs. Thomas Frantz of Lake Zurich - the Lake Zurich to Lake Forest route.

Money was pledged in advance by sponsors, recruited by each participant, who agreed to donate a stipulated amount for each mile ridden. In Lake County 300 rode and \$10,000 in pledges were made. Like the Partridges, whole families rode together.

"Cancer victims are not limited to a single age group", says Joseph R. McAndrew, M.D. of Lake Forest, Vice-President of the American Cancer Society. "Of our \$25-million research budget, for example, \$2-million is appropriated for the study of leukemia, which strikes mainly young people. Other forms of the disease generally afflict older persons. We welcome the participation of the entire 'Partridge Family' to inspire other families to actively support our activities."

Mrs. Einar Petersen of Antioch and Mrs. Beverly (Van Patten) Turner have both identified all of the people in the October 25th Remember When picture. It was at the Fire Dept. Picnic in September 1943. The picture was taken in the old Danish Hall which is now the American Legion Hall on Ida Street.

First row l to r: Ronald Cunningham, Carol Frazier, Bill Wilton, Phyllis Peterson,

Sigvard Peterson, Kathleen Kennedy, Sue (Vos) Johnson, Sue (Barnstable) Redman, Roger Van Patten, Gerald Van Patten, and Dennis Kennedy. Second Row l to r: Verna Mae Kaufalk, June or Jane Hunter, Sue Garland, Bob Wilton, Virginia Peterson, Doris Peterson, Betty Lou Bauer, Beverly (Van Patten) Turner, Nancy (Cunningham) Mohr, Edward Frazier. Back Row l to r: June or Jane Hunter, June Peterson, Jack Vos, Tom Poulos, Peter Poulos, Jean (Vos) Irving and Shirley (Vos) Toepper.

Also, Mrs. Fern Watson called to tell us she taught everyone of the children in the November 1 Remember When picture for first grade. She is very happy to see most of them doing so well in Antioch.

FIREMEN PRAISED

In the Lake County Firemen's Association October bulletin there appeared two letters received from parents of a drowning victim. Many of our local firemen are involved in the underwater rescue project. They are a dedicated group of men and even though they do have fun and enjoy good companionship, their work is far from fun, as many times there is tragedy at the end of their attempt.

Letters like the following two do make it all worthwhile however.

"To whom, and all concerned, in the recovery of the body of Edward A. Blecker.

We wish to express our deepest gratitude and appreciation. I have read of similar cases, but a person has to witness one, to appreciate the work of this organization.

The determination, courage, willingness, and exhaustion of these divers is something I will never forget. They never gave up hope.

The supervision and timing of these men, is like looking into the movements, of an expensive Swiss watch. There was never a precious second lost.

Our prayers will be with you fellows always, especially when you are swimming in the dark murky waters of the deep. May God watch over each individual person of this wonderful organization. We hope that someday we may be able to thank each and every one of you people personally.

We thank you again, for giving us back our son."

A Grateful Father
Albert E. Blecker

This is from his mother:

"Thanks to you fellows, I had my last wish to see and be able to say goodbye to my son. My heart is more at ease (if possible) and my mind more at peace. I cannot put in words my thanks to all of you for your time and effort in recovering my son. Your work speaks for itself. It's men like you, we thank God for every day."

ST PETER BOARD MEETS

On Wednesday, November 8th the St. Peter Board of Education will hold its regular meeting at 8:00 p.m. in the Family Room of the School.

Following the meeting Sister Mary Frances Bronge will speak on "Christians in the Community."

VOCATIONAL SCHOOL NOT TO BE

Continued

the per student cost of the other participating schools or a fee prescribed by the advisory committee, whichever is less."

In electing not to participate in the study Antioch must forfeit a seat on the advisory council and will therefore be without a vote or any say so on the new center. Antioch will not be able to be involved with the vital questions that will have to be answered if the center is to become a reality in this area, and this is regretful.

It should also be noted that Antioch High School is the only high school, out of the 15 area schools that were asked to participate in the study, that will not be able to participate, because of their financial dilemma.

ALTER & ROSARY MEETING

On Tuesday, November 14th at 8 p.m. the St. Peter's Altar and Rosary Society will hold their monthly meeting in the Blue Room of the school. Anne Supplitt will present a program entitled "Fashion Me A Person".

LEGION MEMORIAL

Members of the Antioch American Legion Post No. 748 will meet on November 11th at 11:00 a.m. at the Antioch (Hillside) Cemetery to pay their respects to those who gave their lives during the wars.

AARP MEETS

The A.A.R.P. meeting will be held on Tuesday, November 14, 1972 at 12:30 p.m. in the Savings & Loan Community Room.

The Program for the afternoon will be "Embroidery by Paint" by Mrs. Griffiths.

CLC TO PARTICIPATE IN CHORAL FESTIVAL

The College of Lake county CLC Singers, under the direction of Warren G. Simpkins, Grayslake, will participate in the Second Annual Junior College Choral Festival at Oak Park - River Forest High School, Oak Park, on Saturday, November 11.

Gloria Grant, Lucinda Hahn, and Richard Olson of Antioch; Linda Heller and Karen Schaufel from Lake Villa; and Sharon Jackson from Lindenhurst are among the participants in the chorus.

The Festival is sponsored by the Illinois Music Educators Association, Region VII. Dr. John Ferrell, Choral director at Illinois State University, Normal, is guest director.

Simpkins has been chairman of the festival for the past years. CLC is an active member of the Region VII organization which includes 14 public and private junior colleges.

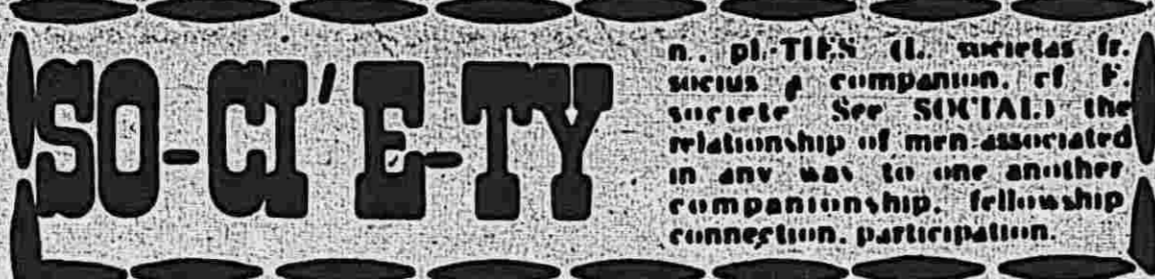

New Deductions

A little blue bundle was delivered to Mr. and Mrs. Dan Groth of Antioch on November 2nd. This makes an even 12 dozen with 3 girls and 3 boys. Tommy tipped the scales at 7lbs 15oz and was 20" long.

Proud grandmother is Mrs. Margaret Groth of Chicago.

Mr. and Mrs. George King of Lake Villa became the parents of a girl, Jennifer Jean, born on October 22nd. Jennie weighed in at 10 lbs. 12oz. and was 22 1/2" long.

Maternal grandparents are Mr. and Mrs. Vincent Johnson and paternal grandparents are Mr. and Mrs. Jerome Schulist.

WOMAN'S CLUB PLANS EXCITING NOV 20 MEET

On November 20, the Antioch Womans Club will have its regular meeting at Lorenz's Smart Country House. The program will be "Fashions in Horoscope" presented by Mrs. Ethel Burge, assisted by her model Elaine Styles. The show was written by Mrs. Burge and was produced originally in the Palmer House. Mrs. Styles is also the coordinator. It is a very different approach to fashion and it appeals to men and

women of all ages. It features fashion for entertainment, making use of the 12 signs of the Zodiac.

The meeting will be in the form of a dessert luncheon which is open to members and friends. Remember - Lorenz's November 20, at 1:00 p.m. The admission is \$2.00 and tickets may be obtained from: Shirley Stanich, Henrietta Alberg, Irene Hahn, Charlotte Smith, Phyllis Bucar and Betty Anderson

BIARNESSEN-ZEMAN VOWS

St. Peter Church in Antioch was the setting for the marriage of Mr. and Mrs. Bill Zeman. Rev. Francis Johnson heard the vows of Sue Biarnesen, daughter of Mr. and Mrs. Marty Biarnesen of Ingleside and of Bill Zeman, son of Mr. and Mrs. Frank Zeman, Sr., of Antioch. Bridesmaids were Miss Linda Kuper and Miss Sharon Bever. Brothers of the groom, Don and Frank Jr., were the grooms-

men. The brides brothers, Neil and Ken Biarnesen were ushers.

A champagne luncheon reception was held at Sabatinis in Ingleside after which a buffet supper was served at the home of the groom's parents.

After a wedding trip to Springfield, the Ozarks and the mid-west, the new Mr. and Mrs. Zeman are at home in Fox Lake.

MOOSE NEWS

The regular meeting of the L.O.O.M. is November 8th. Henry Grewe will again be going shopping for fresh cold meats and cheese as there will be sandwiches served after the meeting to all that attend.

We wish a Happy Anniversary to all our members who have anniversaries in the month of November including belated wishes to Ron and Jerri Polson, Les and Pat Sperling and

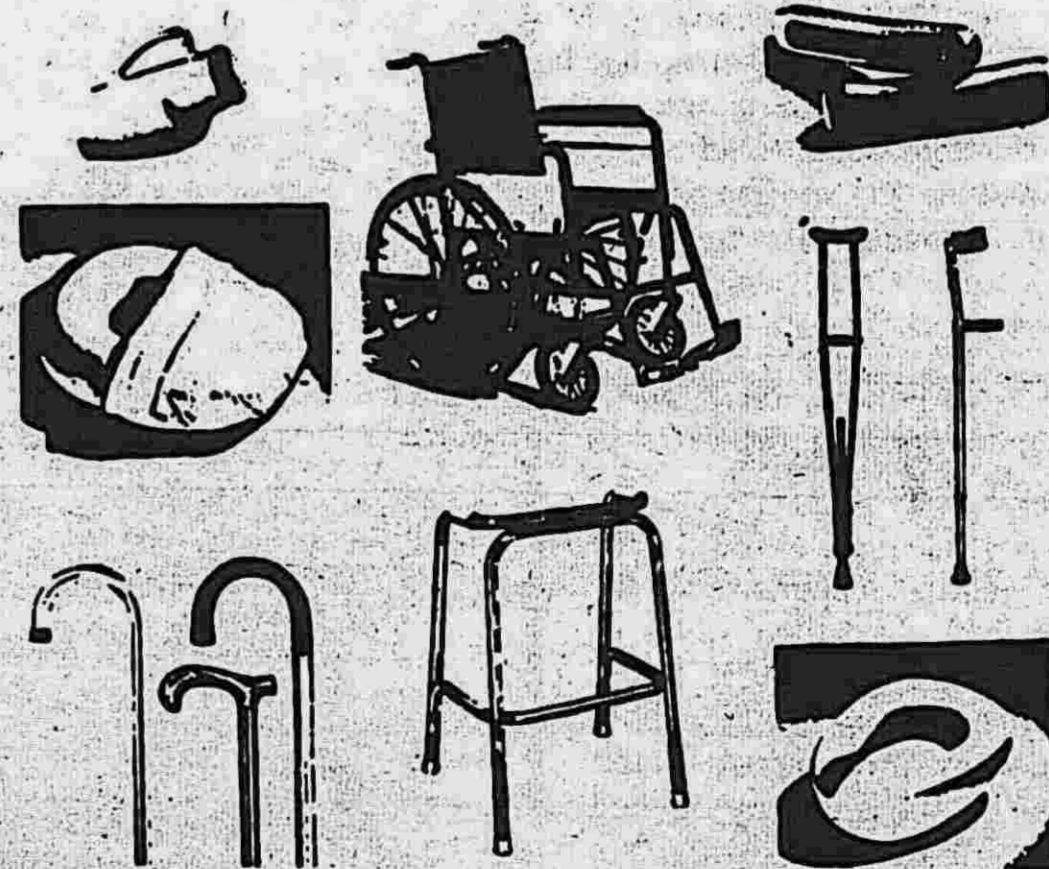

Adolph and Gladys Skurat. HAPPY ANNIVERSARY.

The Fish Fry Friday will be cooked by the Mike Mezzano Crew. Serving is from 6:00 to 9:00 p.m. Members and guests are welcome.

November 18th is the Adult Easter Egg Hunt at 8:00 p.m. followed by a sing-a-long with Judy Page at the piano. Come join the fun and prizes.

PM&L '72-'73 SEASON BEGINS

The curtain rose Saturday on Man of La Mancha to open the theatre season in Antioch. The humorous, poignant story of Miguel de Cervantes lends itself well to the musical drama. Like Shakespeare, it is popular today because its meaning and message is timeless.

In his song "I, Don Quixote", Lou Jones of Round Lake sings his belief that virtue will eventually prevail in a world that is presently "debased and debauched." He gathers up lance, helmet, and absurd nag and goes out to rid the world of evil, reminiscent of the knights of the Middle Ages, accompanied by his faithful squire Sancho, Don Beveroth.

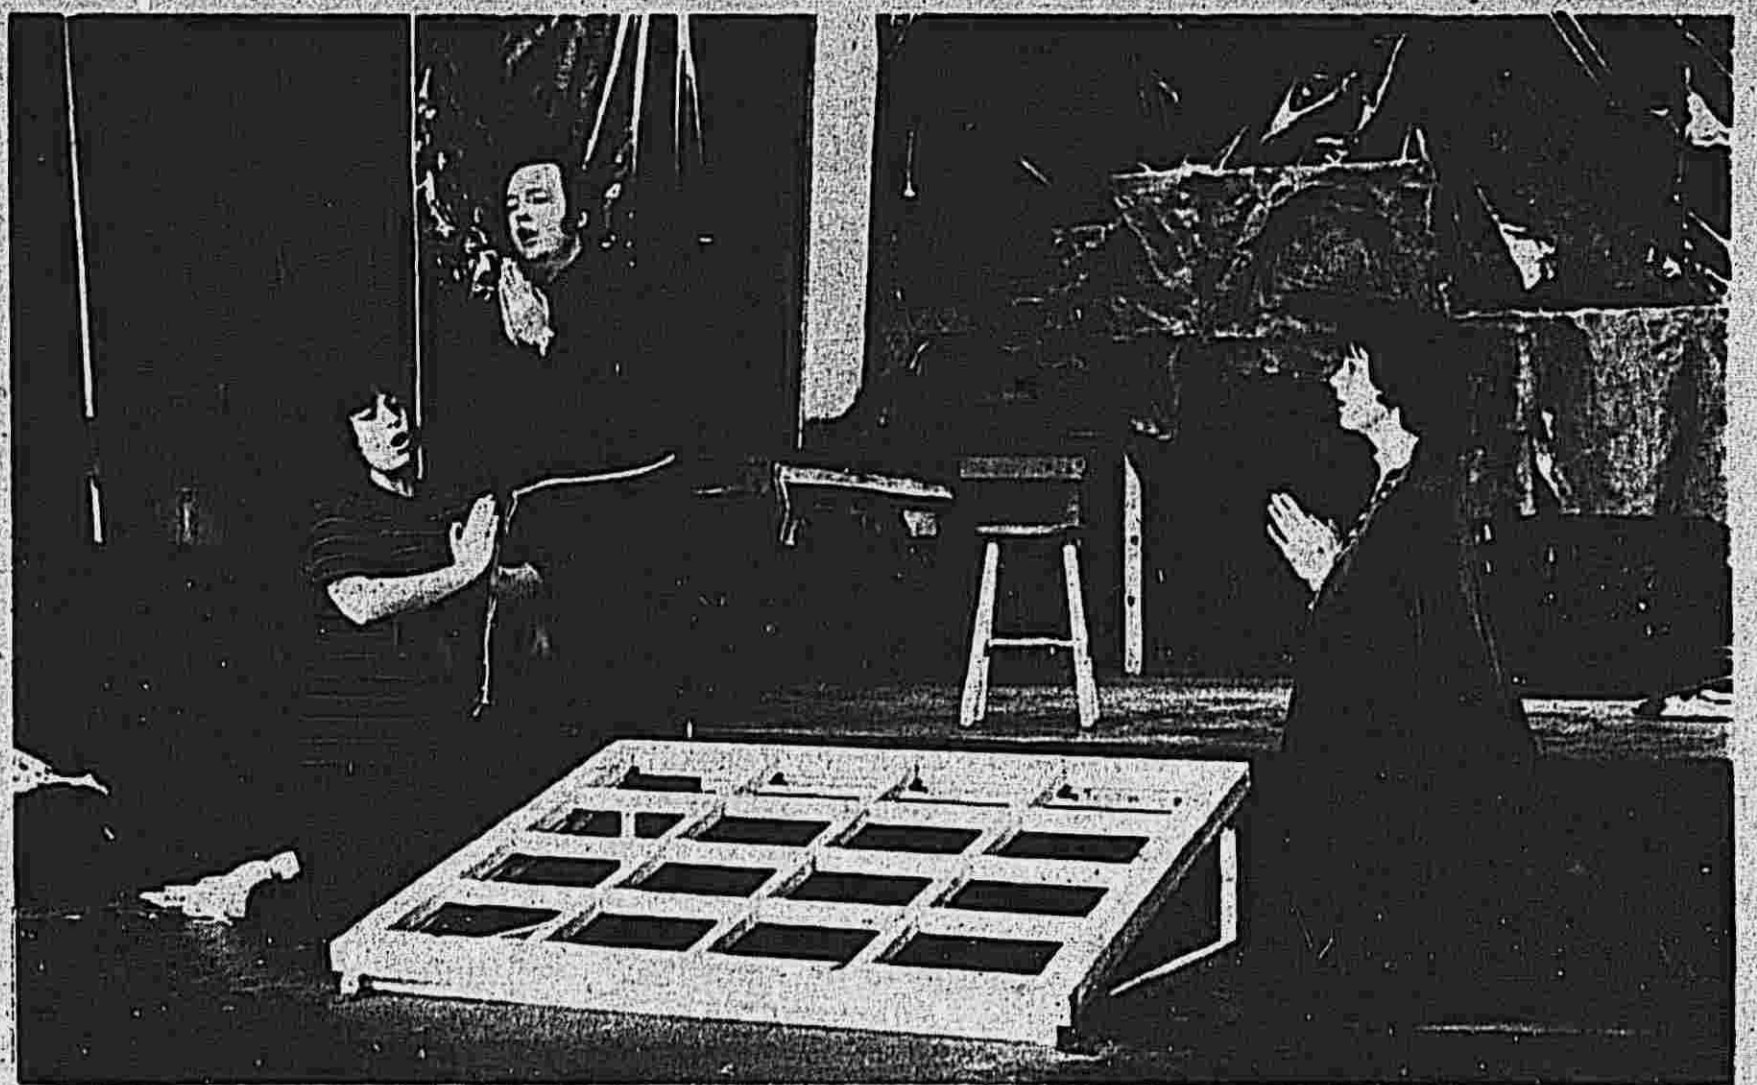

The name of Dulcinea to him is a "prayer whispered by an angel" because to him she is purity personified. Dulcinea, played by Nanci Eberman from Antioch, lustily sings a more realistic picture of herself.

Don Quixote's neice and his

house servant are "only thinking of him" when they sing their complaints to the Padre, Fred Holbert, about his foolishness. Of their own humiliation, of course, they think nothing. Rita Rosol is the niece and Sandy Vasey is the housekeeper. They are joined by Bill Simpson in the role of Dr. Carrasco, the niece's intended husband.

The climax and theme of the play is wrapped in the song "The Impossible Dream". Like many heroes this dream is what gives Don Quixote his love of life.

The play runs for two more weekends - November 10 and 11, and 17 and 18. Curtain time is 8:30 p.m. at the PM & L Theatre, 877 Main St., Antioch. Be sure to make reservations by calling 395-9702. Opening night played to a full house and reservations for the coming nights are coming in fast. Seating is limited so call now.

"We're Only Thinking of Him" from PM&L's Man of La Mancha. l to r: Sandy Vasey from Ingleside as the housekeeper, Fred Holbert from Antioch as the Padre, and Rita Rosol from Lake Villa as the niece.

ST. PETER BENEFIT DANCE

St. Peters church will be holding their 4th Annual Thanksgiving Dinner Dance at Lorenz's Smart Country House on Saturday, November 18th.

The evening will begin with cocktails at 6:30 p.m. followed by a buffet dinner and then dancing.

Tickets are limited to 500 and most of those are sold. There are a few reservations, and they can be made by calling Dan Dugenski at 395-0566.

Proceeds of the dance will all go to the St. Peter grade school.

Many area businesses are contributing by placing ads in a special booklet that will be available the evening of the dance.

Co-chairmen of the event this year are Frank Colette and Thomas Haley, Jr.

mittee in charge of arrangements for the 1972 Arts and Crafts show, assisted by Unit craft chairmen.

Nearly 700 women in all parts of the county are members of Lake County Homemakers Extension Association's 22 units. Mrs. Richard Janssen heads the County Council and Mrs. Leslie Miller of Antioch serves as a director.

NEWCOMERS HOST HAYRIDE

The Antioch Welcome Wagon Newcomers Club are holding a Hay Ride - Saturday evening, November 18th. It will be held at the Rocking C Stable. Don't let the cold scare you away, bring along a warm blanket or your husband and enjoy yourself for a good old fashioned time. We will have a bonfire afterwards. For reservations, directions and more information call Rose Gardula - 395-6292 or Josephine Kapustka at 395-6117. The price will be

\$2.00 per person.

Our Arts and Crafts Program will have a session in driftwood given by Norma Garvin - Wednesday, November 15th, at 10:00 a.m. in her home. Call Norma for directions and what you might bring. 395-6851

Remember the Cadett Girl Scouts are holding thier Rummage and Cake Sale Friday and Saturday, November 10 and 11th at the Scout House in Antioch. We wish them success.

HOMEMAKERS SHOW SUCCESS

Lake Region and Chain O'Lakes Units of Homemakers Extension Association participated in the Lake County Homemakers Extension Association Arts and Crafts Show November 1 at the County Fairgrounds. A record crowd of 1,500 adults and children viewed the exhibits and demonstrations.

"Country Store" was the decorative theme cleverly carried out in booths set up by the 22 units of Homemakers. A circa 1800's kitchen and a country kitchen display featuring wash day attracted viewers,

as did a large exhibit of small gift ideas for "handy-crafters".

Demonstrations at scheduled hours featured instruction in making corncob and granny dolls, candy, patchwork and embroidery, bonnets, pin cushions, hot pads, aluminum artistry and quilting.

Mrs. Alfred Cagnoni of Rockford did 2 shows with natural fiber dyeing and spinning, giving the historical background for the process. A Unit puppet show attracted youngsters.

Mrs. James Fugette, Cultural Arts Chairman of Lake County Homemakers, headed the com-

profile of personal investment guidance: meet the new man in town

Name: Raymond H. Lewis

Vocation: Guiding investors seeking income and growth.

Representing: The Milwaukee Company, investment banking on the Bright Side since 1904.

Background: Former Vice-President with a New York Exchange member firm, Registered representative of a N.Y.S.E. member firm for the past six years.

Ray Lewis is indeed a new man in town. And, if you like the kind of guy who stays on top of things to help you handle your investing, it's time you met him. He represents a sixty-eight year old investment banking firm which is a member of the New York, American and Midwest Stock Exchanges. What's more, he would like to go to work for you, assisting in the purchase or sale of stocks, bonds and mutual funds. Ray can supply you with research reports on individual stocks and opinions on current market conditions.

So, if you'd like to start investing or if you'd like an opinion on your present investments, you can reach Ray at his office (641-1580) between 9:00 am and 4:00 pm or at his home in Antioch (395-6595) any weekday evening until 10 or on Saturday or Sunday, 9:00 a.m. to 6:00 p.m.

Better yet, clip the coupon to drop Ray a line. He'll call you. It's the neighborly thing to do.

Mr. Ray Lewis

THE MILWAUKEE COMPANY

105 W. Madison St.,
Chicago, Illinois 60602

Ray, welcome to Antioch. Let's talk investments.

AMERICAN LEGION AUXILIARY

The fall meetings of the Second Division American Legion and the Auxiliary will be held on Sunday, November 12th, at 1:30 p.m., at Rock Falls, Illinois. The legionnaires will meet at the Community Center, with Rene Jackson, North Chicago, 2nd Division Commander, officiating. Other division officers and chairmen from 10th District include Roy Lundsten, Wauconda; Adjutant; Edward Jahneke of Antioch, Gurnee Legion, Sergeant-at-Arms; Robert Maxwell, Mundelein, children and youth chairman and Thomas Rizzo of Lake Zurich, community service chairman.

Auxiliary members will be at the Rock Falls American Legion Home, where Mrs. Ray Rathmann, Antioch, 2nd Division President, will be conducting their session. Tenth District members who are division officers and chairmen and who will be participating in this meeting are Mrs. A. J. Dorn, Mundelein, Secretary; Mrs. Edward Jahneke, Antioch, Chaplain; Mrs. Herbert Gleason, Libertyville, Sergeant-at-Arms; and Mrs. William Franzen, Vernon Unit, Assistant Sergeant-at-Arms.

Division chairmen are Mrs. Joseph Hogue, Waukegan, Americanism; Mrs. Jahneke, Communications; Mrs. William Schultz, North Chicago, Foreign Relations; Mrs. Norman Holt, North Chicago, Junior Activities; Mrs. Franzen, Legislative; Mrs. R. Rathmann, Membership; and Mrs. Richard Brady, Gurnee, Past Presidents' Parley. The Division President has appointed these division officers (the other division officers are elected from the other three districts) while the division chairmen were appointed by State President, Mrs. Victor Lello of Chicago. These chairmen are also members of Department program committees. This is the reason why some members have dual official duties.

The various state commissions and committees have been holding meetings, getting their year's programs scheduled, so many reports will be heard. One of the biggest topics for discussion will be the membership program of both the American Legion and the Auxiliary, since it is only through their large membership that they are enabled to carry their many fine projects to completion. It has been determined that the earlier the membership dues are paid, the more time there is to devote to their main programs of Americanism, Children and Youth, National Security, Rehabilitation and Veterans' Affairs.

Mrs. Rathmann reminds chairmen that a brief resume of their program will be expected on the agenda. All Units in 2nd Division are entitled to send their unit presidents, two delegates or two alternates, with voting privileges to this meeting. However, all unit members are welcome to attend.

Second Division covers all northern Illinois from the shores of Lake Michigan to the Mississippi River (with the exception of Cook County - a division in itself), and goes down through Ottawa and Vermillion counties. It is comprised of the 10th, 11th, 12th

and 13th Districts, and has over 35,500 legionnaires, with some 20,000 Auxiliary members. There are five divisions in Illinois.

Social Notes

Mrs. Clarence Larson, Noble Grand of the Lakeside Rebekah Lodge 82 of Antioch, gave a fine report of her three days (October 15-17th) in Springfield, while she attended the Illinois State Assembly of Rebekahs as a delegate. At the local lodge's meeting on October 18th, held at the Antioch American Legion Home, Mrs. Larson also related how smoothly the entire session ran, conducted by Mrs. Elvira Fenton of Glenwood, Illinois, the State Assembly President. On November 2nd, Mrs. Larson, Mrs. Ralph Fields and Mrs. Wayne Jones of Antioch were guests of the Libertyville Rebekah Lodge's "Appointive Officer's Night".

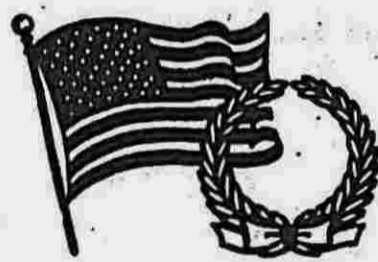

Some 150 little witches, goblins, pumpkins (!), fierce warriors, Dutch girls, gypsies, cowboys, etc. invaded the Antioch Evangelical Free Church on Halloween. A realistic "spook house" replete with "monsters" caused many thrills and chills up and down some young spines. The AWANA boys with Mr. Robert Brant as their leader, and the AWANA girls under Mrs. Robert Brant, enjoyed a fun evening, playing many games relating to Halloween, and afterwards, enjoying delicious refreshments. 'T'was a merry, scary evening!

A belated happy birthday to

Mrs. Walter Buchert, Lake Catherine, whose birthday was remembered by many friends on November 4th. Since Lorna's birthday was just the day before the 51st wedding anniversary of her sister and her husband, Mr. and Mrs. Lloyd Radlein of McHenry, and also, as Mr. Radlein's birthday was the same day, it was decided to celebrate the three happy occasions with a family dinner party. Robert La Verneway, Mrs. Buchert's son, treated everyone to some mouth-watering exotic Chinese dishes at the Cantonese Inn, Crystal Lake, on Sunday, November 5th.

Saturday evening was a fully scheduled night for the Ray Rathmann's of Oakwood Knolls. The golfing members of their church, St. Mark's Lutheran Church of Lindenhurst, had a dinner party at Obie's Restaurant in Waukegan. The Rathmanns attended this golfers dinner, then sped away to Roselle, Illinois, to be part of the Silver Wedding Anniversary celebration of the Norman Jascinski's. Mrs. Jascinski is Ray Rathmann's sister. 'Tis always pleasant to be socially active, but why, oh, why, do so many affairs always seem to fall on the same date?

Surprise guests on three separate occasions provided a pleasant week for yours truly. Mrs. Don Holem, Sr. of Milburn was her first guest; Mrs. Robert Anderson, Petite Lake was the second; and the Harry Youngs of Waukegan rounded out a nice week for the senior Ed Jahneke's, Beach Grove.

Ray Jenssen, left, Chairman of the LIONS CANDY DAY accepts a check for \$180.00 from Dick Daniel, Exec. Vice President of the State Bank of Antioch. Check covers cost of candy donated by the bank and passed out to donors on benefit day for the blind. Mr. Jenssen reports that the profit from this years campaign is \$2,466.05 and represents an increase over 1971 of \$488.05.

Eighty workers spent a total of 144 man-hours on this benefit day for the blind. Mr. Jenssen reports that the donations will be distributed among the following: Leader Dog School, Hadley School for the Blind, SOS Program, Camp Lions, Dialogue, and Society for the Prevention of Blindness. Donations are also made to the Blind Bowlers as well as baskets given at Christmas and Thanksgiving to the blind of Lake county.

AIM ORGANIZATION MEETING

AIM organization of Lake County will meet on November 16 at 7:30 p.m. in Quiet Lounge, Bldg. 1 of College of Lake County, Washington St., Grayslake.

President Nate Naden announces the charter for the organization will be presented that evening. Purposes and objectives of the group will be discussed and a priorities list of projects proposed.

The group was organized to keep abreast of changes

occurring within the county; especially in regard to planned unit developments and other large real estate concerns. It is the contention of the group to work together to contribute positively to the quality of life in Lake County.

Other possible projects of the group will be to encourage preservation of adequate green areas and forest preserves for Lake County and assist with cleaning up pollution in the Chain O'Lakes area.

CHAIN O'LAKES ADDITION - WHAT EFFECTS?

ACRYLIC POLYMERS. This is today's medium. The deterioration of old paintings made certain the need for a new medium for painting. Chemists experimenting with synthetic plastic resins as a binder for pigments, came up with the new plastic paints called acrylic polymers. Because the first successful paints of this kind were Acrylics, that name is still used, though rightly they should be called Polymers because the acrylic paint is now scientifically produced by polymerization.

But what's in a name? In this case permanence. Polymers are clear, non-yellowing colors which do not lose their brilliance. (Oil colors are known to yellow, due to too much linseed oil.) Polymers dry to a flexible surface, so canvas and paper with polymer paints can be rolled for ease in storing, and when unrolled the paintings are still smooth and uncracked. (Oils dry to a hard, brittle surface and therefore crack if rolled.) Polymers can be applied to any non-greasy surface, especially paper. (Oils can never be applied to paper.) Polymers dry quickly so changes can be readily made - even lights over darks. (Oils take a long time to dry, so artists must learn to paint wet into wet.) You can varnish a polymer immediately, but the oil painting must not be varnished for at least a year. Polymer paintings are easily cleaned with water and mild soap. (Oil paintings and watercolors are costly and dangerous to clean.)

Though this might sound like polymers are fool-proof, there are some precautions you must know about:

1. Never use Polymers on a greasy surface, such as over an old oil painting. Use only gesso meant for acrylic polymers, never the gesso for oil paints. (Gesso is white prime given to canvases or wood supports for

easy surface to paint on.)

2. Build up thick areas (impasto) with a lot of thin layers, not in big thick gobs. Or use Gel for polymers mixed into your paints.

3. Also built-up areas or texture can be applied with modeling paste first, but let it dry before painting the surface of it with the polymer paints.

4. It is advisable to avoid using gloss medium to mix with your paints, for you can never judge the same amounts for every stroke and your painting might vary with dull spots and shiny spots. Wait until the painting is dry to give it a gloss varnish. Just mix the colors with water.

5. Do not intermix paints of different manufacturers as they vary and might not be compatible in their structure. (In using oil paints this is no problem.)

6. Keep your brushes in a jar of water while you are painting. But clean them with soap and water at the end of the painting session. You can take out caked on-paint with denatured alcohol.

Now a few hints: To clean the palette simply wipe off with a dampened cloth. If paint has hardened, scrape off with a razor blade. Keep colors moist while painting by misting with water occasionally. A fine spray bottle used for washing windows is good for this. Overnight put the palette in an air-tight baggie. The procedure in painting with acrylic polymers is very similar to oil painting, but it is still advisable to read up on it for more useful hints and suggestions for techniques, uncommon to oils.

Happy Painting.

Suggested Reading: GUIDE TO POLYMER PAINTING, by Ralph Fabri, published by Van Nostrand Reinhold Co. and ACRYLICS by John Mills, Pitman Publishing Corporation.

Next Week: NOW WHAT ABOUT CASEINS?

continued;
it! Appraisers have been appraising my property for ten years now and I have heard nothing officially from them. I don't believe anything they say. I have no reason to believe that it is factual."

Mr. Ziegler further explained his plight, "It has been terribly disturbing over the past ten years to we who are private landowners. We hear rumors and because of these rumors, we are hesitant to proceed to develop our property, because they (the state) are going to take it away from us."

In the ten years that Mr. Ziegler's property has been under scrutiny, he has never once come face to face with anyone from the State. No one of authority has ever approached him on the subject and an offer has never been made. Mr. Ziegler intends to fight to retain his property, he has no desire to move.

When asked if he would re-locate in this area Mr. Ziegler replied, "I really don't have the remotest idea, how can I make plans when I don't know what is happening or even if they are necessary at all."

Mr. Ziegler feels that he is not in the position to know if the expansion will hurt the area, but Ray Thelen of Thelen's Sand and Gravel has a more definite opinion.

Mr. Thelen said, "It will hurt every school district until we are able to relocate."

Thelen also commented in an interview with the Antioch News last May that, "if they (the state) were to take my land, the products I produce and my reserves would be lost. This

would put a terrible strain on other producer reserves. He said that their reserves would deplete much earlier, thus driving up the price for the contractor, and so eventually the homeowner. I am afraid to even guess what it would eventually cost."

Thelen went on to say in the interview that "his land once depleted of gravel, in 40-60 years, would be easily converted to industry because of their zoning. This land is and would continue to contribute all kinds of tax money to seven different school districts. (Lotus, Richmond, Spring Grove and Antioch Grade Schools; Richmond, Fox lake and Antioch High Schools). "If the land was used as a park there wouldn't be any taxes for the schools."

Thelen employs close to one hundred employees and "the creation of a park in wages alone, would mean the loss of nearly a million dollars."

The appraisers have also been to visit Thelen, but an offer has yet to be made. Thelen will try to relocate on the property he has purchased across the street from his present site, but there will be the problem of getting that land rezoned and the move will also cut his reserves down in half. Thelen commented that he would need at least a years time to

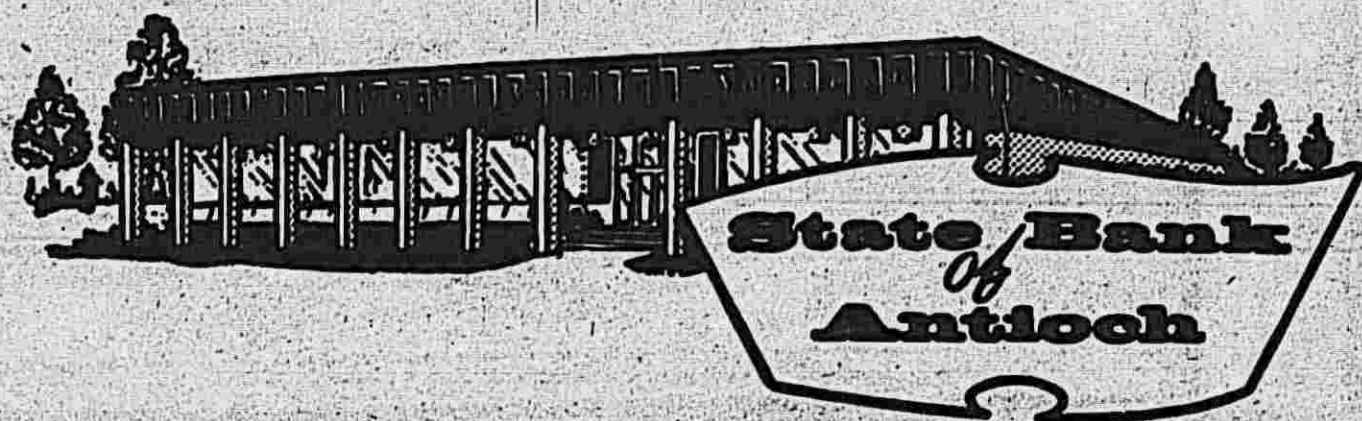

make the move and it would cost him nearly a million dollars for the move alone. It is also doubtful that the offer that the State will make Thelen will be substantial. Thelen said, "The 2 million dollar grant for the park will barely scratch the surface, my property alone would absorb that money." Thelen feels that it will be a long time before the State actually takes possession and that time will be his only savior.

Township Supervisor, Lloyd Murrie, when questioned on the affect that the park will have on the taxes in the area, said that he did not feel that the expansion would have much effect at all. Since Thelen would be relocating in the district and that the move would be made over a long period of time. Murrie does not feel that Thelen will have any problem getting the new site rezoned and that the move will not hurt the tax rate.

BOY SCOUT OUTING

Antioch Boy Scout troop No. 92 made use of area girl scout camps last month. The girl scout campsite is owned by the Lakeview Council near Hartford, Wisconsin. The site has had considerable use this past summer and fall and the boy scouts have been among the occupants. To show their appreciation the Troop No. 92 placed a lannon stone along the side of the hill during a weekend campout at the site.

PTA PULLS TOGETHER

While the High School board was holding their special meeting last Wednesday deciding whether or not they would run the referendum this year, the PTA was holding a meeting in the next room deciding whether they would support the referendum if it was to become a reality.

Many people present had much to say on the subject of the referendum, money, taxes, and the schools debt. But after all was said and done the PTA unanimously seconded the motion to draw up a resolution pledging the PTA's support of the referendum.

It was one thing to pass the resolution saying that they would support the proposed referendum, but the PTA also decided to put their words into action and are taking some very positive steps in the right direction. Before, the meeting broke up a special committee was already forming itself in support of the referendum. A long list of names pledged their commitment. A special meeting

was decided upon to discuss the referendum and form committees and it was set for Wednesday, November 15, at 7:30 p.m. in the High School Commons. A special steering committee will be formed at that time to get the committee's going.

According to Gilbert Krahn, a biology teacher at the high school and also the President of the PTA, there were approximately 100 or more parents at the meeting. This is an excellent turn out, compared with past attendance records. A good part of the credit for such a large turn-out can be given to Mrs. Eleanor Hauser, who is an executive board member of the PTA. Mrs. Hauser has organized a telephone campaign and along with her committee of 48 parents called all of the 4,000 students parents to inform them of the upcoming meeting. This committee will continue to call the parents before each meeting and it is hoped that they will have better and better results each time.

REFERENDUM IS IN THE MAKING

Last Wednesday night the Antioch High School Board discussed more than the prospects of the proposed Vocational School, as plans were drawn up for the makings of a new referendum.

All members of the board were in agreement that the school is in debt. A referendum is the only device, at this time, that will help pull them out of the hole, before it is necessary to make more cuts in their already too scanty programs. It was contended that before they knew it the high school would be offering second rate education, and that second rate education would soon slip to third rate education and so on. Is that really the kind of education that the school wants to offer their students and is that really the kind of education the students deserve.

Almost all of the board members were for running the referendum right now, before the end of the year, but others had their doubts. What if they run the referendum right now and it fails once again, what will they have achieved? The only achievement that will have been made would be one that had set the school back \$500-\$1,000 (cost of running a

referendum) and for that kind of money the school could have participated in the area vocational school study.

The board members finally decided after great lengths that they owe it to their students to give it a try and they set the date for the referendum on December 16th. By setting the date in December, they hope to catch the voters with some extra Christmas spirit in their direction. But, it will take more than Christmas spirit to pass this referendum. The referendum which calls for 40 cents on each \$100 of evaluation, will need great quantities of support like it has never known before. It will need varied support from all kinds of potential voters, it cannot be pushed by the board alone.

The main reason that the board held their special meeting last Wednesday was to make these vital decisions on whether the referendum should run and if so, when? They held their meeting ahead of time so that by their regular meeting all of the legal technicalities of the referendum could be presented. The promptness of the board's action will also give plenty of time for support to be generated before the 16th of December.

PROBLEM COMMISSION PUBLIC HEARING

James G. Flood, Superintendent of the Lake County Educational Service Region announced today that the School Problems Commission of the State of Illinois will conduct a public hearing at Libertyville High School at 10:00 a.m. on Wednesday, November 15, 1972. Gene Hoffman, Chairman of the commission urges any person interested in school legislation or school problems to make a presentation to the commission.

The presentation must be limited to 10 minutes with discussion of the issue to follow. Anyone making presentation will be required to prepare twenty five copies of the presentation for use by the commission members.

This is the 12th Commission established by the legislature to study and recommend necessary school legislation for passage. Present commission members are Representatives Gene L. Hoffman, Chairman, Arthur A. Berman, Charles W. Clabaugh, Elmo F. McClain, Carl W. Soderstrom; Senators John G. Gilber, E. B. Groen, Kenneth Hall, Thomas C. Hynes, Esther Saperstein; Members appointed by the Governor: Velma B. Crain, Carol Kimmel, John Koten, Donald D'Amico, and George T. Wilkins.

GRADE SCHOOL TO SET FORTH PHILOSOPHY

The Elementary school system of District 34 are now in the process of making a formal written statement of their philosophy and educational objectives. To do this all of the teachers from the elementary district, some 71 in number, have been meeting every Tuesday and Thursday. The teachers will continue to meet on these days until their educational philosophy and objectives have been suitably set forth. It will probably not be until April when this goal has become an actuality. The State requires that the school system make such a statement before September of 1973.

The statement that will be made by the system will be based on three considerations. The first consideration is the nature of children, second, children's needs as they themselves see them while they are growing up, and lastly the schools need to make an active part in preparing children for a productive and responsible adult citizenship.

The drawing up the educational objectives and philosophy along these lines is long and tedious work. The job has been moving along smoothly so far,

but it will be many months before the work is completed.

During the first meeting each of the teachers set forth their idea's on the nature of children by completing the sentence: "Children are generally....." These ideas were consolidated and set before the teachers again and were rated on a "trueness" scale from zero to five. Such a statement for an example: "Children are naturally curious" would be given a rating by each teacher and would be included in the final draft if 80 percent of those rating it gave it the highest rating. These statements were once again consolidated and submitted to the teachers for their consideration.

The same procedure was used for the question: "In school each child needs....". The same format will be used for the last consideration on the list, the schools role.

Hopefully, when all is said and done a suitable statement of the schools educational philosophy and objectives will be reached that will be deemed satisfactory by the schools themselves as well as by the State.

EMMONS GRADE SCHOOL HONOR ROLL FIRST NINE WEEKS

The following students have attained honor roll status for the first nine weeks grading period.

EIGHTH GRADE

John Kakacek
Julie Kramer
Terry O'Brien
Jerry Schmidt
Glen Thibedeau
Mary St. Pierre

SEVENTH GRADE

Dawn Costoff
William Dubek
John Eder
Debra Layton
Violet Meuter
Daniel O'Brien
Darren O'Brien
Tracy Sodman
Michael Volling

SIXTH GRADE

Carole Duha
Scott Gallagher
Denise Grohs
Patti Gross
Karen Klean
David volling

In order to be on the Honor Roll, a student must have at least 2 "A's" and 2 "B's" or 3 "A's" and 1 "C" in the four academic subjects. In character traits, no grade of "U" will be allowed for the Honor Roll. In order to receive a year end award, a student must be on the Honor Roll three times.

PET FOOD SUPERSTITIONS

Superstitions are hard to overcome, whether they refer to stepping on cracks in the sidewalk or feeding your dog.

One of the most common of

the dog feeding fallacies is that "milk makes worms." This would be true only in the unlikely event that there are worm eggs in the milk you feed your dog.

Another old wives' tale is that onions cure worms. Worms are only eliminated through medicine, even if the odor from the medicine is not as strong as the onion's.

Still another common and incorrect belief is that dogs cannot digest potatoes. This has been disproved by scientific tests.

As to the right way to feed your dog, the most important objective should be a balanced diet. And because most important food substances are not stored in a dog's body for any

extended length of time, the proper nutritional balance must be maintained at every meal.

One way to ensure maintenance of that proper balance is to serve your dog ready-to-eat food produced by a reputable manufacturer. Your veterinarian can suggest possibilities.

There are three basic types of dog food: dry, moist and canned. Many people think that the dry foods are cereal and the canned foods are meat. But this is not the case.

Canned products that are completely meat are not "dog food," in the sense that they do not provide a complete diet.

One way to tell whether you are feeding too much is to watch

the dog as it eats. If it leaves the dish while there is still food in it, or if it stops eating to gaze off into space, the chances are you are feeding too much.

A good rule is to let your dog eat for 30 minutes and then pick up the dish and dispose of the uneaten portion. Feed it less the next day.

Most grown dogs require only one meal a day. If they are fed twice a day they will eat more than they require. The extra food will only lead to extra expense for you or unnecessary food should be kept refrigerated in a jar or plastic container.

Dr. Minor regrets that he is unable to personally answer letters from pet owners. He

recommends that readers consult their own veterinarians when their pets have problems.

Between meal snacks merely spoil a dog's appetite. This will also tend to make a pesky beggar of your pet.

In the case of newborn pups where the mother is unable to do the feeding, the following formula can be given from a baby bottle: 1 pint homogenized milk, 2 teaspoons cooking oil and 2 egg yolks. Feed every two hours when first born and then gradually space out feedings to every four hours at about two weeks of age. Supplement with cereal, cooked egg and scraped meat as soon as the puppy can lap solid foods.

IT'S TURKEY TIME!!

This year the Antioch News is giving a special salute to that famed bird of thanksgiving, that gobbler the Turkey. For the next two weeks the paper will contain coupons that will make you eligible for a free turkey, you have thirty chances to win as thirty stores will be sponsoring the free turkey drawing. Here's all you have to do:

1. BE 18 YEARS OR OLDER
2. CUT OUT THE COUPONS
3. FILL IN YOUR NAME, ADDRESS, AND TELEPHONE NUMBER
4. DEPOSIT THE COUPONS IN THE TURKEY BOXES OF THE PARTICIPATING STORES

5. THERE IS NO PURCHASE NECESSARY AND EACH OF THE THIRTY SPONSORS WILL AWARD A TURKEY
6. SIT BACK AND WAIT TO BE NOTIFIED THAT YOU HAVE WON A THANKSGIVING GOBBLER

The Coupons will be in the November 1 and November 8 editions of the paper. All coupons must be deposited by 1:00 p.m. on November 13th, the drawings will take place that day. The winners will not only be notified but they will be listed in the November 15th paper.

Obituaries

MRS. HULDA K. ANDERSON - 78 years of Paddock Lake, Wisconsin passed away Friday November 3rd at Kenosha Memorial Hospital. She was born July 24, 1894 in Stockholm, Sweden and resided in Chicago from 1920 until moving to Paddock Lake in 1948. She is a member of South Shore Chapter No. 866 Order of Eastern Star in Chicago. She married Fred A. Anderson on September 25, 1936 in Chicago and he preceeded her in death on December 6, 1970. Survivors are 2 sons Arthur F. Anderson (Evergreen Park Ill.) Roy A. Anderson (Kenosha Wisconsin) 1 brother in Sweden 8 grandchildren and 3 great grandchildren.

Funeral services were held at 1:30 p.m. at the Strang Funeral Home in Antioch. Rev. Ray Koticki of the Salem Methodist Church officiated. Interment was in Hillside Cemetery at Antioch.

MR DAN TRUTZA - 59 yrs old of 1054 Main Street, Antioch, Ill. passed away suddenly from a heart attack on Saturday November 4th. He was born June 15, 1913 in Nadlac, Rumania and came to the United States in 1922 to reside in Chicago until moving to Lake County where he had lived in Lake villa for 14 years, then moved to Antioch in November 1971. He was a carpenter Maintanence Man by occupation. He married Alice Kaye in Chicago.

Survivors are his wife Alice - 1 daughter Mrs. Nancy (Jessie) Smith (Zion) - 1 brother William (Rose) Trutza (Miramar, Fla) - 6 sisters Mrs. Lydia (Don) Neag (Hollywood, Fla) - Mrs. Mary (John) Dan (Monterey, Inc) - Mrs. Ann (Joseph) Koren (Brookfield, Ill) - Mrs. Helen (Andy) Socash (Oak Park, Ill) - Mrs. Julie Geskin (Oak Park, Ill) - Mrs. Kay (Richard) Thaxton (Flossmore, Ill) - and 5 grandchildren.

Funeral services will be field at 1:30 p.m. Wednesday at the Strang Funeral Home in Antioch. Interment will be in Home Oak cemetery near Antioch.

MRS EDITH A MARRE - 82 years old of 2107 S. 47th Court, Cicero, Ill. passed away on Saturday, November 4th at St. Therese Hospital. She was born June 28, 1890 in Saginaw, Michigan, moving to Chicago, and to Cicero, Ill. for the past 70 years. She is a member of Mary Queen of Heaven Church in Cicero. She had married William A. Marre on August 24, 1910 in Cicero, and he had preceeded her in death on Nov. 20, 1947.

Survivors are 1 son LeRoy W. Marre (Elmwood Park, Ill) - 1 daughter Mrs. Laurette (Joseph) Hornacek (Antioch, Ill) - 1 sister Mrs. Frances Prohaska (Fox Lake, Ill) - 2 grandchildren LeRoy R. Marre & Mrs. Carole E. Kube - and 4 great grandchildren Laurie, Patricia, Richard, & Kenneth.

A funeral mass will be held at 10:00 a.m. Tues. Nov. 7, 1972 at St. Peters Church in Antioch. Interment will be in Queen of Heaven Cemetery in Hillside, Ill.

MR. OTTO A. LINK - 76 years old of 103 N. Milwaukee Avenue, Lake Villa, Illinois passed away on Saturday November 4th at Lake County Nursing Home in Libertyville, Ill. He was born on September 15, 1896 in Berlin Germany and had resided in Kankakee, Ill - Chicago, Ill., Niles, Ill, Sullivan Wisconsin before moving to Lake Villa 6 years ago. He is a member of St. Mark Lutheran Church at Lindenhurst, Illinois. He had been employed as a machinist with the Chicago Transit Authority until his retirement. He married Johanna Zessin on October 17, 1919 in Pustamin (Province of Pomerania), Germany and she preceeded him in death on May 31, 1972, as well as 1 son Fred Link on July 8, 1970. His only survivors are 4 grandchildren and 3 great grandchildren and brothers and sisters in Germany.

Funeral services were held Monday at the Strang Funeral Home in Antioch. Reverend Harold I Nelson of St. Mark Lutheran Church officiated. Interment was in Warren Cemetery.

MRS. BERNADETTE L. ROSQUIST - 57 years old of Loon Lake near Antioch, Illinois passed away suddenly from a heart attack on Tuesday, October 31st. She was born October 31, 1915 in Remington, Indiana and had resided in Kankakee, Illinois and Chicago before moving to Antioch in 1949. She is a member of St. Peters Church, the Altar and Rosary Society of the church, and Antioch Chapter No. 735 Women of the Moose. She married Nils W. Rosquist on May 16, 1941 in Chicago.

Survivors are her husband Nils, 1 daughter Mrs. Judy (Goshorer) Sharler, Elgin, Illinois, 3 sons Walton R. (Crystal Lake, Ill), Edward Rosquist (Antioch) John (at home) her mother, Mrs. Ellen Marcotte (Mokenca, Ill) 4 brothers, 4 sisters, 2 grandchildren and was preceeded in death by one sister.

A funeral mass was held on Friday at St. Peter Church in Antioch. Interment was in Mt. Carmel Cemetery at Antioch.

CHRISTIAN SCIENCE CHURCHES

Man's reflection to God is brought out in this week's Bible Lesson-Sermon on "Morals and Immort"

Man's reflection to God is brought out in this week's Bible Lesson-Sermon on "Mortals and Immortals". In Romans 12 we read "Be not overcome of evil, but overcome evil with good".

From Science and Health with Key to the Scriptures by Mary Baker Eddy this citation will be read: "Simply asking that we may love God will never make us love Him; but the longing to be better and holier, expressed in daily watchfulness and in striving to assimilate more of the divine character, will mould and fashion us anew, until we awake in his likeness".

Services at First Church of Christ, Scientist, BEACON HILL, Rte 173 & Harden, Antioch, Illinois begin at 11 a.m. They are conducted by Mrs. Evelyn Greer, First Reader, and Mrs. Mary Adams, Second Reader. All are welcome.

"Does Heredity Control You?"

Listen this Sunday to the Christian Science Radio Series for some interesting insights on this question.

SOS RESULTS ARE IN

The results of the Lions Annual "Save Our Sight" Day are now in. A total of 1,153 people were screened and 520 of these people were referred to the eye doctor of their choice for examination and diagnosis. The screening took place on Sunday, October 22. It was the second screening of its kind in this area and was sponsored by the Lions Club of Antioch with the aid of the Vision Conservation Institute, Inc., who supplied the equipment.

Doctors from the Lake County Optometric Society who gave their time and supervised the screening were: Dr. Robert Fisch, Zion; Dr. Otis Payne, Waukegan, and Dr. Al Bucar, Antioch.

According to Fred Marvin,

Executive Secretary of the Vision Conservation Institute, this screening was just one of the many such programs that are being sponsored by local service organizations all over the state.

"The importance of these tests cannot be overstressed because 29 per cent of school age children and 41 per cent of adults suffer from some degree of vision impairment," said Mr. Marvin.

"We only hope," "that other public-spirited service organizations will realize the importance of this 'Save Our Sight' screening program and schedule it for their area in the near future." Arrangements for sponsoring a screening or having an "Eye Exhibit Talk Program" can be made by calling 312-Wo8-2637 or writing, VCI, 1923 Elmore Road, Downers Grove, Illinois 60515.

WOMEN OF THE MOOSE

October was a busy month for all Women of the Moose. Christmas walks were held in all chapters throughout the United States and Canada. Co-workers donate gifts for our children of Mooseheart and the aged at Moosehaven.

At Antioch's Chapter Night, held October 5th, Mooseheart Chairman, Georgia Sutherland, presented Graduate Regent Erna Toft who showed slides of Mooseheart and slides of co-workers at various activities. One new member, Rita Brandt was enrolled, sponsored by Violet Shrader. Darlene Gers and Bernice Jones received their chapter pins.

Gr. Grad. Regent, Judy Page extended her thanks to all co-workers who helped to make it possible for her to receive the coveted Green Cap at the State Convention held in Peoria. Attending the convention with Judy were: Sr. Regent Karen Bartuska, Recorder, June Ballenger, Treasurer Cheryl Wise, Graduate Regent Erna Toft, Collegians Jerri Polson and Shirley Gehrls and co-workers Catherine Kloth and Shirley Rentsch. At the business meeting of October 19th interesting reports were given by the co-workers attending the convention. They attended six sessions.

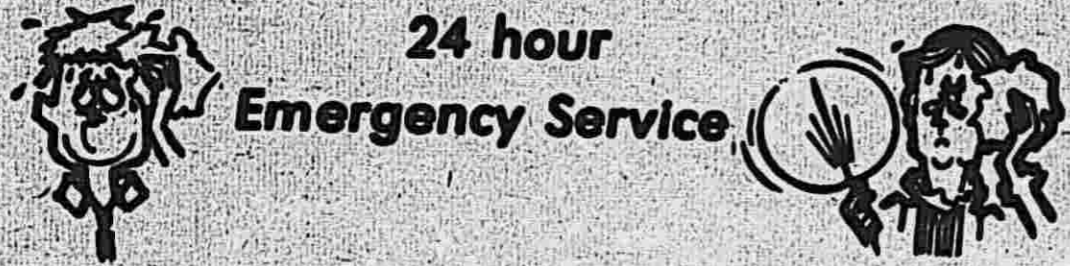

At the November 2nd Chapter Night, Judy Cook, Library Chairman presented her committees entertainment, two word games representing Thanksgiving, which was enjoyed by all. The chapter draped the charter for our deceased member, Bernie Rosquist, who passed away on October 31st. She will be missed by all of us in our defending circle. Nick Rosquist and family want to thank all the co-workers for their generous donations.

Margaret Marsh, sponsored by Violet Shrader, was enrolled.

Advance dates for all co-workers: Chapter Christmas Party, December 12th. Snow-flake Dance, Dec. 16th. It was approved for the chapter to request a special dispensation to move our December 21st meeting up to December 14th. Verification will be announced at a later date.

Please note: The Scavenger Hunt, scheduled for tonight, November 9th, has been postponed until May 10th, 1973!

NEWS DEADLINE Monday Afternoon

Unless by special permission or by special request. OR last minute happenings.

Monday, November 13th is the date for the Channel Lake PTA's second meeting of the year. The meeting will start at 7:30 p.m. in the school gym with the program conducted by Mr. Walter Soderman titled "New Methods of Education." Refreshments will be served afterwards by the second grade mothers. Be sure to mark this date on your calendar.

Congratulations to our local children who took part and won in the State Bank's pumpkin decorating contest. The Purfeerst children all won, Donny and Margaret won a \$10.00 account. The kids hard work the week before the contest really paid off. Cindy Irmen won a \$10.00 account and sister Sherry won a \$2.00 account and Kim Zabrus received an honorable mention. Our area is very proud of all of you.

Jim Gutowski entertained 14 of his classmates at a birthday party in his home Friday night. The party was a huge success and this reporter had a huge headache when it was over.

The Channel Lake PTA's first movie of the year was a large success last Thursday afternoon with over 100 children

enjoying "Lassie's Great Adventure."

Mike Harland and George Pierce have achieved the highest rank in Boy Scouting. Last week, Mike, who is the son of Dick and Pat Harland and George, who is the son of Bill and Katy Redman went before the Eagle Board of Review and passed with flying colors. The boys will receive their Eagles in a special ceremony to be held at Troop 91's Christmas pot luck dinner on December 21st.

Steve Rzyso and his wife Bev would like to invite all area residents to attend the grand opening of Mr. Wonderful's Oakland Resort this Saturday evening beginning at 7 p.m.

Our sympathies are extended to Mary Grover and her family on the passing of Mary's husband last Friday. Mary has taught kindergarten at Channel Lake school for the past 6 years.

This reporter neglected to include Gary DeWitt and Tom Chase among the hunters returning a week ago Sunday from Wyoming, each with a winter supply of venison now stored in their freezers.

A reminder to our area residents. I am unable to print news I do not know, and the only way I can print this column is if you call me by Monday noon. I appreciate your call very much so please.....

Louise

Mark Stumpf (right), of Abbot Laboratories, shows an electronic monitoring panel to members of an environmental study team sponsored by the Japanese government. The Abbott pollution control system, considered among the most efficient in the United States, was part of a two-week tour.

ABBOTS HOSTS JAPANESE ENVIRONMENT STUDY GROUP

Abbott Laboratories played host recently to a special environmental study team sponsored by the Japanese government. The Abbott waste treatment plant, considered one of the most efficient in the United States, was the only industrial facility visited by the

select group of officials.

"We were very honored by this visit," said David Schwarz, director of environmental control, Abbott Laboratories. "Japan has grown very concerned about pollution and it is certainly a tribute to Abbott that they should choose to study our operations."

In addition to touring the waste treatment plant, the Japanese visited Abbott's environmental research laboratory and conducted discussions with company scientists and engineers.

The 17-man entourage, sponsored by the Japanese govern-

ment's National Research Institute for Pollution and Resources, included research directors, industrial executives and other officials.

Earlier, the study team had visited the public tertiary treatment plant at Hanover Park. The two-week tour also covered the Pacific North Water Laboratory in Portland, the Pittsburg Energy Research Center, the College Park Metallurgy Research Center in Washington, D.C., the air and sanitary engineering centers in Cincinnati and the Tennessee Valley Authority.

IRA ELECTS 1973 OFFICERS

Members of the Interstates Racing Association of super modified and sportsman stock cars met on October 26 and elected Officers and directors for 1973.

Ray Dropp, Palatine, Illinois, was elected as President by a narrow margin. He pledged to work with many of the current problems facing the five year old club and adopt a Newsletter for the organization; establish an appeals system and protest procedure as well as furnishing the membership with itemized monthly financial reports and expenses of IRA operated tracks.

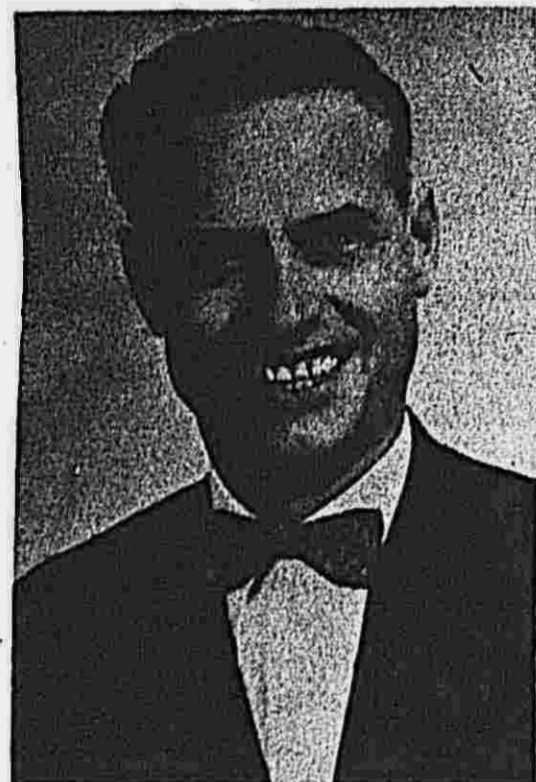

Ralph Timan, Antioch, was elected vice-president and Jack Biddison, Northbrook, secretary, Ron Bergsma, Richmond was voted to retain his position as Treasurer as was Dale Erdman, Caladonia, to continue as Sportsman stock car representative and Roger Otto, Burlington as super modified stock car director. Ron Marish, Milwaukee, was elected to replace Paul-Cameron, Round Lake as director.

Following the election, the new board immediately assumed control and started discussion of the 1973 contract

with the Kenosha County Fair Association at Wilmot. It was learned that progress on the new track at Wilmot has not advanced and that the old track will not be available to the Fair Association for lease to IRA in 1973. An early meeting with the Fair Association representative will be arranged so definite plans can be made for completion of the track for an early May 1973 opening date. Other tracks will be investigated for IRA Sanctioning in 1973. A decision will be made by November 30, next IRA meeting date, on weekly competition at the Lake Geneva Raceway. In prior years the club has operated Lake Geneva on Sunday nights but the needed financial return has not been sufficient to meet the cost of competition by car owners.

Also discussed was the IRA annual awards banquet at the Illinois Beach Lodge in Zion, Illinois on Saturday night, November 18.

In other action, the board received the resignation of IRA track manager Ray Toft of Antioch who will devote full time to his own promotional interests at the Lake Geneva in 1973.

20TH ANNIVERSARY

Elmer R. Dorris, Jr., 130 Beach Street in the Channel Lake section of Antioch, recently marked his 20th anniversary with the Prudential Insurance Co. He is an agent in the company's Lake View district agency, located in Chicago at 2316 West Lawrence Avenue.

District Agency Manager Angelo J. Piraino said that Mr. Dorris is a native of Ferndale, Michigan. He was educated at Lane Technical High School in Chicago.

During World War II, he served with the U.S. Army in the Pacific area.

Mr. Dorris is a member and past president of the Woodcrest Community Association in Channel Lake.

CLC GOLFERS READY FOR FINALS

When a team wins 18 straight duals and six tournaments, you'd hardly call it a building year. Doug Sherman would, however.

Despite a slight scare on Friday, Sherman's Lake County team pulled away from Harper on Saturday to win the Region IV golf tourney with ease. Seven months from now, the Lancers will advance to the national finals in Rosewell, N.M., June 12-15.

"We'll try to finish in the top five and gain experience," said Sherman, a realist. Florida and Texas promise to provide most of the stiff competition.

"There's never been a Region IV team that has finished higher than 12th. I know we can finish in the top ten."

Lake County's golf coach-athletic director is trying to mold a national champion ship team, but he thinks it will take two years. That's no problem, however, for Sherman has more than a foursome of freshman for building purposes.

After a slight scare last Friday when the Lancers only led by two strokes over a fired up Harper team, Sherman's

snazzy swingers pulled away. They wound up 18 strokes better than their Skyway Conference opponent.

"We didn't play that well," said Sherman of Friday's 313 total over the testing, rain-soaked Orange Course in Champaign. Behind the '75 of meet medalist Bob Winter, the Lancers charged over the par 72, 6700-yard layout on Saturday to capture the school's first regional golf trophy.

Besides Winter's 151, four other Lancer freshmen came in with steady totals - Bruce Johnson (153), Chuck Irons (158), Don Vanderverter (159) and Chris Marszalek (160). The latter's score was thrown out but he also will make the trip to New Mexico.

Harper's Mike Sutton shot a 155 to capture the final berth to the nationals.

Mayfair finished sixth with 662. Dirk Heneks led the way with a 163.

Elgin was the only other SC representative. The Spartan team shot a 680, 11th among the 16 competing teams. Jim McBride posted a 164.

With a Stern Eye

The week ahead of the election is always a bird, but this year's has been birdier than most. Because of the enlarged Voter Registration, everything else is correspondingly bigger. More absentee ballots than ever before—more registrations to process and to get into the precinct binders—more in-person absentee voting at our counter—more anxious phone calls about polling places or Election Judge duties—and the mountain of equipment waiting in the halls of the courthouse to be delivered to the precincts is Matterhornian.

Several factors have contributed to the increasing size of the truckloads between courthouse and polling place. For a starter, we have added to the number of booths and therefore voting machines in each of the heavily populated precincts—and we sure have some big ones now. Elia Township, Precinct No. 1 is up over 2000 registered voters! The County Board has its work laid out, cutting back these outsized voting districts next year.

And each precinct this Fall will sport a new Polling Place sign in front, designed with prongs at the bottom for erecting it in a dirt base, and with a socket at the top to hold the flag. The sign is larger and clearer and we hope will be seen from greater distances. Ken Bailey and his staff at the County Building have been working on them for weeks, and they're beautiful!

But the migraine producer this week came by direct mail from the Attorney General. It seems that a federal law was passed in 1970, known as the Voting Rights Act Amendment of 1970. In so many words, it said that no citizen of 18 years or more, shall be denied the right to vote for President and Vice President because of any local residency requirement. In the intervening two years, Illinois has implemented only one part of this legislation.

About the middle of July the County Clerks received a copy of that part of the law which covered the application of non-residents to vote for President and Vice President only. This meant that a family, assigned outside the territorial limits of the United States (but not in the U. S. Service) could vote for President and Vice President on an absentee, unregistered basis, from the county in which they last resided.

This filled a real need—no question about it—but the timetable on non-resident voting was very restrictive. We were not, for instance, permitted to send out applications for this sort of ballot after July 31st. Remember we only heard about it in the first place, earlier that month. A few applications came back punctually, but many that

we sent out did not return until after the deadline at the other end: no applications could be processed for that special ballot after September 8th. And we have received several dozen requests for the application and/or completed applications since that date. Very sad to have to write and tell them "too late".

Then came the ail on Tuesday October 24th; we were advised by the Attorney General to have ballots available for President and Vice President only to be voted by: a) those who had moved their residence within 30 days of the Election—formerly they would have been disenfranchised; and those who were unregistered but otherwise qualified to vote.

Chaos! How to advise our 1175 Election Judges of this—how to make clear the terms and use of applications, affidavits etc. in its implementation? We quickly designed and printed the ballot and the applications for ballot. And after almost endless consultation with the State's Attorney, his Administrative Assistant, and his First Assistant, we sent out a press release and laid out instructions for our staff to have in front of them when answering the questions that would come in by phone.

Primarily we decided that this special ballot would have to be voted absentee or in the County Clerk's office only—that we could not, at this late date, give our judges adequate information so it could be available in each of the 235 polling places. We would not be able to exercise appropriate control; presumably one hyper-partisan voter could go from precinct to precinct, perjurying himself with abandon and voting endlessly for his presidential choice. Therefore we, and the good grey State's Attorneys who consulted with us, decided to make a mini-poll in the Clerk's Office on Election day for these very specialized voters.

Allowing those who have the right to vote to do so is the first priority; making sure they do it only once, is also important however.....

4-HERS HAVE HALLOWEEN SPIRIT

The Antioch Chiefs and Squaws had a Halloween party on Friday, October 27, and invited their many friends. The evening spent with ghost and goblins took place at the Methodist Church.

Shelley Ester came dressed as an Indian, and took the prize for the most original costume. Many laughs were caused by Jerry Lindom who thought he would make a good cheerleader and that was funny enough for an award. Cheryl Porter dazzled everyone in her hillbilly attire and won the award for being the cutest. Mrs. Auxier, the club leader, hid behind her clown mask.

The evening seemed so short as the events kept everything buzzing from the scavenger hunt won by Jamie Vasek and Laura Lewandowski to the pie eating contest and balloon shaving event.

No party would be complete without refreshments and lots of talk. Everyone had a good time and the 4-ers are looking forward to coming events.

Marguerite Turpel, RN, St. Therese Hospital, Waukegan, Illinois is shown instructing a group of National Ski Patrol Systems Members at the recent Cardiopulmonary Resuscitation Training Session held at St. Therese Hospital on Sunday, October 29. This program was sponsored by the Heart Association of Lake County.

SKIERS GIVEN HEART ATTACK HELP INFO

50 area skiers spent Sunday at St. Therese Hospital learning how to help fellow skiers who might have heart attacks this winter. A course in Cardiopulmonary Resuscitation was given members of the National Ski Patrol Systems, Inc., by the Heart Association of Lake County. There was a morning and afternoon session give to broaden their training in saving lives. This group has been trained in the American Red Cross First Aid.

Dr. Ronald R. Klimaitis of

Dr. Klimaitis emphasized that one of the important factors was hypertension which can be controlled, thereby, minimizing the hazards of heart attack or stroke.

The afternoon session heard Dr. John Zannini of Lake Forest and President of the Heart Association of Lake County express great enthusiasm for the program of the rescue squad. He stressed the fact that early minutes of care after a heart attack is most important in the recovery process.

Libertyville told the morning group that the chances of recovery are much improved if the victim has received emergency care before being admitted to the Intensive Coronary Care Units of the hospitals. He also highlighted that heart disease is striking the younger portion of our population. It is not uncommon to find men in their twenties and thirties that are having severe heart attacks. He indicated that the prognosis is better for the more mature patient than for the younger victim. In closing,

Give a Picture-Perfect Christmas Gift.

Give our Portrait Gift Certificate. It makes an unusual and treasured gift for the people you love—for people you want to remember with photographs.

Our Portrait Gift Certificate is a personal gift, ideal for almost everyone on your list—from the person who is hard to buy for, to family, friends, and relatives, to the "high school" sweetheart.

Come in today and order Portrait Gift Certificates for those you love. A fine portrait makes a lasting gift, and isn't that something you'd like to give. Or receive.

Our Portrait Gift Certificate can be applied toward a portrait sitting or prints from negatives in our files. Gift Certificates are available in all denominations to fit any need, any budget.

BITS AND PIECES

By: Taffy Engelhardt

Saturday's game against Round Lake was a real thriller. But it was also a disappointing one to lose, especially since it was the last game of the season. We scored a touchdown in the last few seconds of the game and completed a conversion but it wasn't quite enough to win the game. The final score was Round Lake 30, Antioch 27. So it's good-bye to another football season - the last one for some of us. Compliments to everyone, especially our team and coaches, who made it possible. Our record may not have been the best, but our team was the greatest!

A bit of sadness was in the air Friday morning in the Commons. The Senior football players made a big sign saying "THANK YOU SENIORS" with all of their names and numbers around it. It was really

"SEQUOIT HAPPENINGS"

appreciated but also makes you look at things as if it's the end of everything. Cheer Up! Just think what we've got ahead of us.....

Friday marked the end of the first nine weeks. It seemed terribly long since we're used to six-week periods. Report cards will be distributed soon, which is a touchy subject for many!! There's always a lot of rushing around the last week before the grades must be in. All make up work must be in, tests made up and projects completed. In many classes exams are given. Things often get hectic during this time. Both the students and teachers are spread thin. Now that it's over, this week should be a breeze.(?)

STUDENT COUNCIL

Although a quarum was not reached at this week's Student Council meeting, we got quite a bit accomplished. The agenda consisted of (1) TV taping report (2) Homecoming Committee Reports (3) Thanksgiving Assembly (4) District convention (5) Self-imposed scheduling (6) Mr. Curtis. Mr. Curtis came in and talked to us about Student Court. Last year an adult judge was presiding over the court, but this year Mr. Curtis suggested that it be totally student governed. Students needed are: Judge (4),

oversees workings of court, keeps order; Court Recorder (1), reports and records on summons; Court Clerks (4), must keep a record of court; Sheriff (4-6) gives summons to students; Jury Members (3); Student Responsibility members are eligible for this. In Student Court, the accuser is heard first, the defendant second. There is no cross examination. Members of the jury can ask questions at any time. Any person can take someone to court. You must summon the person and witness in court, and the person accused may also have witnesses. Failure to appear in court results in a charge of contempt of court - the penalty usually being demerits or removal from commons privileges for a week.

Antioch is participating in a quiz show on November 29, December 6 and December 13 at 5:00 p.m. The nine chosen to attend are as follows: Students - John Thain, Cindy Hayden, Wendell Burris; Teachers - Mr. McLean, Mr. Corrigan, Mrs. Tate; Parents - Mr. Mieure, Mr. Blecke and Mr. Lagerstrom.

Our Thanksgiving assembly is November 22 and, just to show everyone that we do own other clothes than blue jeans, that day will also be Dress-Up Day. We're hoping everyone will participate. Julie Gutowski, a freshman, is the head of the Thanksgiving Committee.

Glen Amundsen, Wendell Burris, and Mr. Monke will be attending the District Convention.

Council also discussed some of the downfalls of Student Court and Student Responsibility and decided that we will attempt to make a re-evaluation of the system at the next meeting.

In last weeks column, I mentioned that there would be particular comments made concerning the football season this week but I decided to postpone it for another week, in case some opinions changed at the last game. Don't miss it in next week's column!!!!

The Chinses published a 10,000 word dictionary more than 2,000 years ago.

ILLINOIS STATE SCHOLAR FINALISTS

The Illinois State Scholarship Commission today named 15,200 students as State Scholars in the 1973-74 competitive State Scholar Program. High school academic record and examination scores are used in the selection.

Finalists in the Atioch, Lake Villa and Lindenhurst area are: Glen Amundsen, 508 First St., Antioch; William J Burdell, RR3, Box 82; Alice L Burnette, 917 David St.; Steven M Carlson, 343 Cedarwood; Patricia L. Geiger, RR1 box 167; Joseph W. Green, RR4 Box 90; Cynthia L Hayden, RR2 Box 184; Glenda E. Hurt, 309 Edgewood; Linda D. Lagerstrom, Rt 5 Box 480; Timothy Mieure, 451 Winsor Dr; Kirk I Moran, Rinear Rd; Terry Lee Olson, RR2 Box 386; Pamela S. Rausch, RR2 Box 177; Susan P. Stanley, Rt 5 Box 309; John A. Thain, 115 Hawthorn L; Greg B. Tossey, 462 Winsor Dr; Dean C. Vendl, RR3 Box 630; Carol J. Wells, RR2 Box 219; and Connie Wiczorek, RR3 Box 299.

Joan Bauman, RR2 Box 599, Lake Villa; James Christensen, 518 Gratton Rd; Dawn R. Eiserman, 2411 Grand; John Elsbury, 18862 Roosevelt; Valerie M. Grelecki, 834 Normandy; Michael H Jordan, 1206 Forest Dr; Cathy Nagler, 2000 Columbia; Nora Pleviak, PO Box 9; Fred W. Popp, 709 Grand Ave; Anthony Seisser, 735 N. Rt 59; Tracy Teltz, PO Box 102; and Anita R. Tindle, 1909 Park Ct.

Joan M. Boreen, 2408 Highland; Lindenhurst; Kenneth W. Boucos, 104 Longmeadow; Mary E. Brendel, 311 Thornwood; James R. Heidner, 1906 Hazelwood; Warren P. Mohar, 2006 Woodlane; Debra A

Szczesniak, 100 Hawthorne; and Ronald Tumminello, 1910 Longmeadow.

The State Scholars represent nearly every high school in the state and were chosen from the 51,000 students who entered the competition by taking either the April 22 or July 15, 1972, examination administered by the American College Testing Program (ACT).

All State Scholars received a Certificate of Merit from the Commission which personally and publicly identifies them as having high academic achievement in high school. Monetary Awards up to \$1200 for 1973-74 for use toward tuition and mandatory fees at public or private colleges or hospital schools of nursing in Illinois of the student's choice will be conferred upon those State Scholars who have financial need as determined by the ISSC need analysis formula, which is evidenced by data provided by the student and his family in the 1973-74 Monetary Award Application.

Any student who is not named in the competitive State Scholar Program who also is a permanent resident or citizen of the United States, an Illinois resident, and will attend an approved college, university, or hospital school of nursing in Illinois in September 1973, may obtain a 1973-74 Monetary Award Application from his high school counselor or by writing directly to the Illinois State Scholarship Commission, boy 607, Deerfield, Illinois 60015.

For the 1972-73 academic year, 70,000 undergraduate students are being assisted with \$52,100,000 in monetary awards at the 180 Illinois public and private colleges, universities, and hospital schools of nursing.

PTA VOTES TO

WORK ON REFERENDUM

If you missed the November 1 PTA meeting, you missed a lot of action.

After the regular business was put aside, an open discussion followed with many parents speaking up about the possibility of having another referendum.

As the school board was in special session, Mr. Vasek, Vice President of the PTA interrup-

ted their meeting to find out. The board has decided to try again. December 16th is the date set.

An eager bunch of parents volunteered to set up a good working committee to help in any way, to pass this referendum.

The first meeting will be in the High School Commons on November 15th at 7:30 p.m. All the help you can give will be appreciated. All interested parents are urged to attend this meeting.

If you can't make the meeting, and are interested in helping, please call PTA President Gil Krahn at 395-0531.

Following this, the group was well informed on "How Teenagers and Parents Can Communicate". This lecture was given by Dr. Forqus of Lake Forest College.

Refreshments were served following the meeting. Over 100 parents were in attendance.

957 VICTORIA ANTIOCH PANTS & MORE LTD.

Astro-Chart

WEEK OF NOVEMBER 10-16

ARIES (March 21-Apr. 20): Social aspects high this weekend. An excellent time for mixing with friends or new acquaintances. Take care in all financial dealings, although you're due for a bit of luck! A harmonious period for work; travel.

TAURUS (April 21-May 20): Joint finances may require attention. A message from afar could bring welcome news. Be sure to include close friends or relatives in social activities. Wednesday and Thursday are favorable for recreation, shopping.

GEMINI (May 21-June 21): Your creative abilities should be high and you'll be able to accomplish a result you seek, especially during latter part of week. Take some time to yourself over the weekend. Be co-operative with associates and work will go smoother.

CANCER (June 22-July 21): A slower social pace gives you more time to concentrate on priority activities. Excellent aspects for concluding profitable business transactions. Those born under your sign usually are practical and cautious in all financial matters. Romantic aspects indicate new interests for the unmarried.

LEO (July 22-Aug. 22): Your intuition is usually accurate. Follow that hunch. New projects at work can be undertaken with enthusiasm. Hard work gives you a feeling of satisfaction and accomplishment. For best results, try to maintain harmony among co-workers.

VIRGO (Aug. 23-Sept. 22): Quiet weekend indicated. Conserve your energy. You may have unexpected company. Take time to budget properly. Career aspects favorable early part of week. Don't be too surprised if you're asked to assume greater responsibility for some project, with the prospect of enhanced earnings and prestige.

LIBRA (Sept. 23-Oct. 22): Pay attention to your self-image, in both grooming and dress. You may find concentration difficult, but don't let day-dreaming affect your performance at work or school. Your usual cheerful attitude wins new friends and recognition.

SCORPIO (Oct. 23-Nov. 22): Financial matters may occupy much of your thoughts in the coming week. Study any business or property transaction carefully. Not a time for launching new projects without thorough preparation. Social aspects remain high, indicating possible new romantic interests.

SAGITTARIUS (Nov. 23-Dec. 21): Someone you've known for a long time could come back into your life and offer a sensible suggestion. Although you are a visionary, you have a practical approach to serious matters. Attend to projects around the home over the weekend. Aspects good for career and recreational pursuits Wednesday and Thursday.

CAPRICORN (Dec. 22-Jan. 20): Avoid losing your temper, even though you feel wrongly provoked. Your desire for greater recognition and achievement may bring new opportunities in creative projects this week, perhaps through participation in civic or church functions. A good period for shopping and gardening.

AQUARIUS (Jan. 21-Feb. 18): Moon moves into your sign Sunday and Monday, indicating a harmonious and constructive period. Those born under the sign of Aquarius usually possess unusual creative skills. You can achieve a great deal if you concentrate on one project at a time.

PISCES (Feb. 19-March 20): Solar influences indicate caution in financial matters. Attention to details can save trouble and expense. Show more attention to a loved one who is going through a gloomy period. Your insight and sympathy can be a comfort. A surprise visit may be the key to re-couring an old acquaintance.

MONDAY NIGHT TAVERN LEAGUE

OCT. 23, 1972

Fred Saffo 220-(585) paced Sam's Old Hickory Inn to a pair of wins from The Limerick Lounge "B" team. Frank Heiselmann 226-(572) for The Limerick.

With Joe Muskat leading the way 195-(561) Dan and Den's Red Arrow won two over Denny Swanson 210 (543) and The 19th Hole Tavern.

The Village Inn of Twin Lakes headed by Paul Heath 211-(556) won a pair from The Angels, Restaurant and Lounge. Eddie Lindstrom 197-(425)

Chuck Monroe rolled high Series for the evening on game of 178-192-226-(596) leading Kempf's Resort to a pair of wins over The Limerick Lounge "A" Team. Mike Sterbenz rolled a respectable 209-(570) for the "A" Team.

The Village Pub of Antioch, paced by "Wiggy" Bolton 222-(580) won two from Open Door Tavern. "Blue" Haris 202-(559) for Open Door.

Carl Hollnegal 200-(558) led Lemars' Tavern to a couple of wins over Bill and Maries Tavern. John Benes 178-(516) for Bill and Marie's.

John Matteoni being presented with Browning Automatic he won in Jaycees Raffle and Turkey Shoot by Tony Starcevic, President of the Jaycees.

TURKEY SHOOT IS RAINED UPON

The turkey shoot sponsored by the Jaycees on October 22nd met with some bad luck as rain fell steadily throughout the day. There weren't even enough shooters present to award the scheduled Weber barbeque. All was not lost for the Jaycees however, as the raffle that they sponsored in conjunction with the shoot was a real success. Over 1,000 tickets were sold.

The lucky winner was John Matteoni who was awarded with a brownie automatic.

The proceeds from the raffle and the shoot will go towards the drug abuse education program and other community betterment programs sponsored by the Jaycees. The Jaycees would like to thank all of those who helped make the day a real success.

GUYS AND DOLLS

OCT. 30, 1972

The Antioch News SPORTS

IT'S BASKETBALL TIME AGAIN!

As the Sequoit Football season comes to a staggering close, the basketball season in Antioch begins with galloping galore.

According to Basketball Coach Roger Andrews, the season looks like it will be a good one. He predicts that this year's team will do as good as and probably better than last year's team.

Last year the team won 10 out of 17 games and finished second in the conference. However, last year's team took several outstanding players with them in the persons of Jeff Williams and Pat Michalek. Coach Andrews says that it will be tough to replace Michalek's great rebounding.

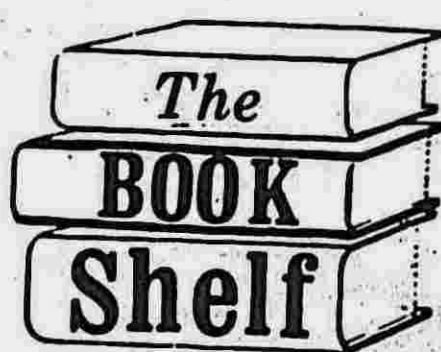

However, the Sequoits do not lack good players this year. Tim Micure, who will be among the five starting players, is to be considered by some as the best in the area, if not the best in the state. Mark Andrews and Fred Popp will also be key players this season. Also, nine of the

Sequoit football players will soon shed their helmets and dribble out on to the court. This is something that might give the basketball team a slow start, since none of the football players have begun working out yet and will of course not do so until their season is completed. But, once these players warm up, it will not be doubtful that the basketball team will be in great shape.

It should also be noted that in the words of Coach Andrews, "the team has the toughest schedule of any team in the conference. But this will make us a strong team in our conference. Another thing that does not work in our favor is the fact that many of the schools the team will be playing are more than twice the size of Antioch High School, which gives them a better source of manpower to draw on."

This is Coach Andrews 11th year as a Varsity Coach and he also has 2 years of Sophomore coaching behind him. This is his 13th year at the high school and he does not feel that his number of years will in any way jinx his success this season. We will soon find out if it will; since the first game of the season is only a little more than a week away.

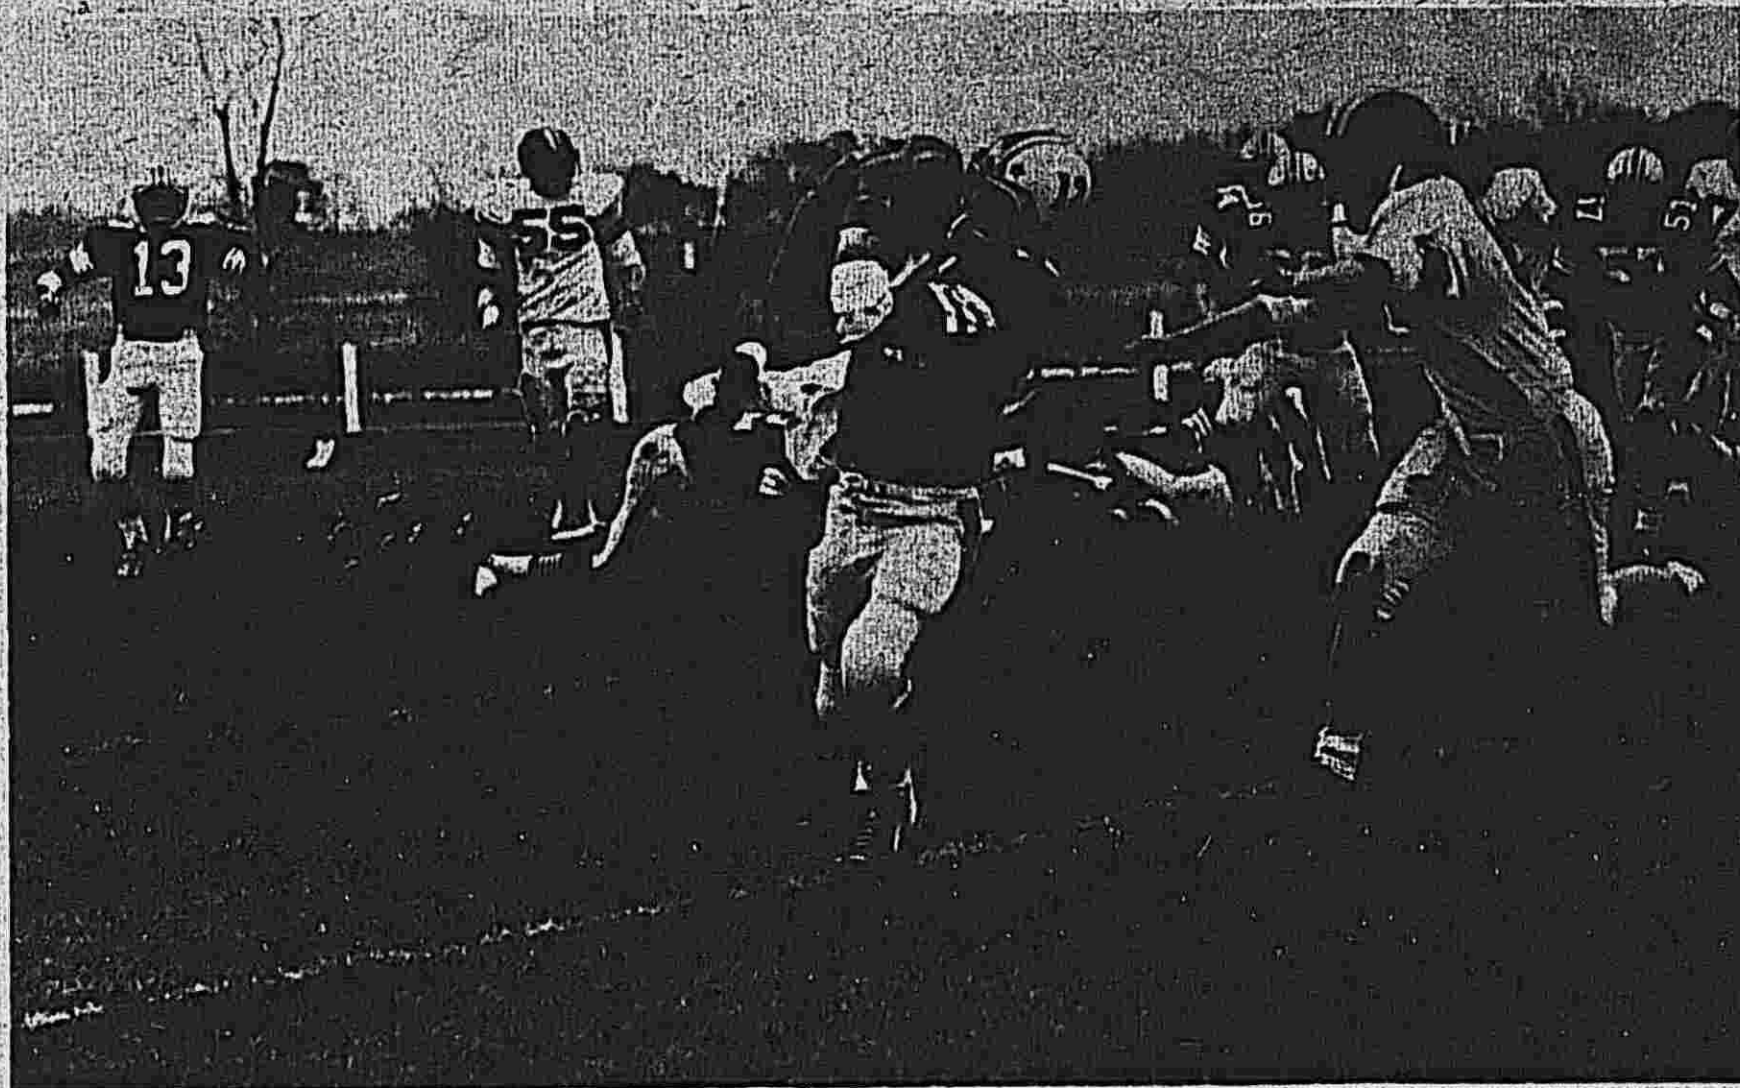

On Friday, November 17, the team will take on East Lyden, which is an excellent team. Last year they beat us in the first game of the season 55-54. They also won their first 16 games which is quite a record. However, this is another season, and seasons change, so good luck to Sequoits as they begin another year.

THE COMMON COLD AND COMMON SENSE by Dale Alexander. How you catch the common cold and how you can avoid it. Offers a revolutionary theory on the cause of the common cold and offers a nutritional plan designed to both prevent and minimize the occurrence of colds.

WHAT EVERY CHILD WOULD LIKE HIS PARENTS TO KNOW, to help him with the emotional problems of his everyday life. Offers parents aid in recognizing and treating emotional problems encountered by their children, and suggests practical ways for handling everyday crises and improving communication.

Library hours are from Noon to 9:00 P.M. Saturday 10:00 A.M. to 5:00 P.M. Take time to rest and relax and enjoy a good book or periodical in the library lounge.

Antioch Sequoit Charlie Chapman catches a pass from No. 13 Fred Popp and then promptly crosses the goal making a touchdown. The Sequoits played a great game scoring more points than ever before, but unfortunately they were defeated by Round Lake 30-27. (staff photo)

THE SEASONS FINAL

Although the fighting Sequoits of Antioch High dropped their last game of the season to Round Lake 30-27, for the first time this year, their offense had a real punch.

The combination of No. 13 QB, Fred Popp and No. 12, Running Back, Charlie Chapman set the tone for Antioch's offense. This combination completed six passes and scored two T.D.s. QB, Fred Popp, had his best game of the year completing 9 out of 12 passes for 207, running the ball eight times for 63 yards and scoring one TD in a 54 yard run with the help of some outstanding blocking by teammate Charlie Chapman. For the day Antioch's offense ran a total of 48 plays for 370 yards, the high for the season. If Antioch had been able to pick up more of its point after TD's, the story

would have been different.

On defense the honors are shared by a number of men, again Charlie Chapman with 8 tackles; Defensive Captain Glen Amundsen with 6; Steve Vasquez 5; Bob Bailly 5; Dave Dziki 5.

When asked to sum up the season, Head Coach Roy Nelson had this to say "This group of kids, even though they weren't winners, were one of the best groups of kids that I have ever had the pleasure to work with. They did not give up when the going got tough as was demonstrated in last Saturday's game." Coach Nelson also had words of thanks for his two managers, Jim Fischer and Rick Jordahl. In closing, Mr. Nelson also had this to say about the seniors who played their last high school game. "The seniors did a heck of a job

this season, I would like to personally thank them, they sure were a fine group of boys."

There is one more observation that is to be made concerning this season and it must come from this writer. I have personally followed every game this season and have been at every home game and most away games since Coach Roy Nelson took over as our head coach. I won't say how many years ago. Coach Nelson's attitude toward the game and the young men who have played it has never changed. No matter whether the season has been a winning one or one like this. Much credit must go to both Coach Nelson and his fine assistant Coach Bruce Bartoz for the outstanding way their boys approach the game of football both mentally and physically.

Like a good neighbor,
State Farm
is there.

With lower rates
for Illinois
car owners.

A reduced number of claims in the State has resulted in reduced car insurance rates for most Illinois policyholders.

And they still enjoy the same high-quality protection and dependable service that have made State Farm the world's number one car insurer.

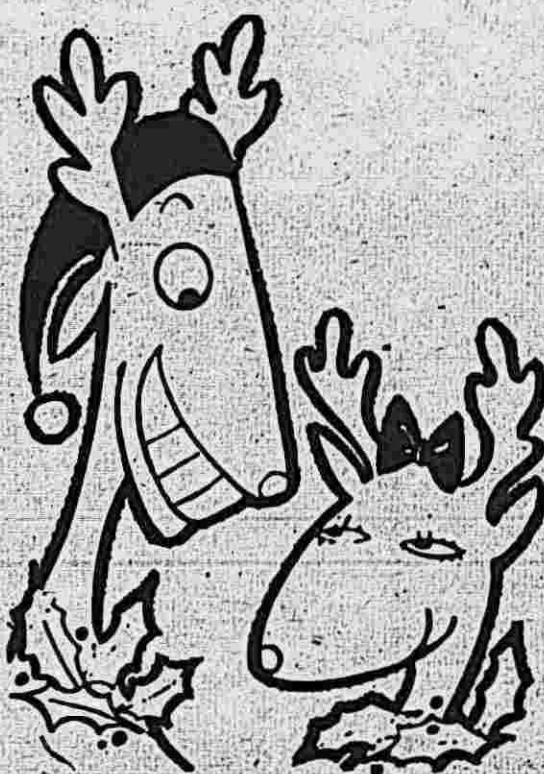

Sound good? Then give me a call and compare. I may have some good news for you, too.

Mr. LaVerne Woods President First National Bank

LaVerne M. Woods joined the staff of The First National Bank of Antioch in 1966 as executive vice president and chief executive officer just at the time the bank moved to its second location after having outgrown its original quarters. In 1967, Woods was elected to membership in the board of directors. In 1969 he was elected president of the bank, succeeding Russell Barnstable who was elected to the position of chairman of the board.

Woods began his career in banking in 1954 at the Marine Midland Bank in Jamestown, N. Y. In 1960 he joined the staff of the Wheeling Trust and Savings

Bank, Wheeling, Ill., where he rose to the position of Executive Vice-President and Cashier.

Mr. Woods is a graduate of the Illinois Bankers School, SIU at Carbondale, where he was president of his class. He graduated from the Graduate School of Banking, Madison, Wis., and the School of Consumer Banking, University of Virginia.

Active in civic and business organizations, Woods is associated with the Lake County Bankers Federation and a Past President of the Northeastern Illinois Chapter of Bank Administration Institute. He has served on various committees of the Illinois Bankers As-

sociation and is a member of the Bankers Club of Chicago.

Woods served two terms as president of the Antioch Chamber of Commerce. He is active in the Antioch Lions Club and a former chairman of the Antioch Planning Commission. He serves on the board of Hastings Y.M.C.A. Camp. He is an active member of St. Stephens Lutheran church and serves on the church council. He is currently a member of the Antioch Grade School Board of Education.

Woods and his wife, Joyce, live on Phillips Circle in Antioch. They have two daughters, Dawn and Lisa and a son, Linden.

A BEAUTIFUL NEW WAY TO BANK

The First National Bank of Antioch "A Beautiful New Way to Handle Money."

The First National Bank of Antioch will hold an open house on Wednesday, November 8, 1972, from 11 a.m. to 8 p.m. An open invitation has been issued to everyone to visit and view the newly constructed bank building.

The First National Bank of Antioch has come a long way since its doors were opened for business in 1926.

The completely new building is the latest progressive step in the 46 year history of the bank. The First National Bank has made many changes in its physical aspects, this being the third building the bank has occupied since its founding in 1926. The first building was remodeled on several occasions during its 40 year occupancy, 1926 to 1966.

The second building, located on the corner north west of Lake and Main Streets, underwent extensive remodeling before it was occupied in 1966.

On October 18, 1972, The First National Bank of Antioch moved into its new quarters on Lake Street -- one of the most modern banking buildings in Northern Illinois.

The new bank building features the latest in design and convenience for financial institutions. The new lighted ceiling accents the beautiful rust carpeting and matching furniture. The lobby is covered with the same carpeting and matching tile covers the floor near the tellers stations. The same or complimenting carpeting is continued throughout the various offices of the interior of the bank.

The lower level of the bank contains the bookkeeping section with all the various banking machines and tabulators, the vault area and safe deposit boxes, rest rooms, kitchenette, community room and storage areas.

Additional office space is included in the new bank so the officers have a private office in which to carry out the business of the bank and its customers in private.

The board of directors' room also opens off the main lobby and is designed to be used for purposes other than board meetings when necessary.

The decorating scheme of the entire edifice has been

carefully planned and incorporates the latest in lighting, painting and use of draperies to make the most pleasant surroundings. Soft but bright earth-tone colors are used throughout.

The exterior of the bank and certain portions of the interior are done in Williamsburg Brick with chocolate mortar. The windows are of Bronze Solar Glass set in bronze anodized aluminum frames, with earth-tone porcelain enamel fascia. The plaza area is of Missouri Riverbed Stone. The expertly planned landscaping is a welcome addition

to Antioch and gives the village one of the most modern and attractive buildings in the area.

The front entrance to the building is through two large bronze anodized aluminum cased glass doors. Customers can then go down to the lower level or through the second set of doors to the lobby. Unique to the building are the two level entries. The front entry is street level while the entrance at the rear of the building is at the lower level. The lower level entry opens onto a stairway to the main floor or to an elevator for both levels.

*Congratulations
and
Much Success*

BANK ROBBERY-20 YEARS AGO

1926

In 1952, Antioch was a quiet community of under 2,000 persons, but it quickly became the center of attention for newsmen, FBI, State and County police and curious onlookers of all types when the news flashed out across northern Illinois that the First National Bank of Antioch had been the victim of a daring daylight robbery.

Friday, November 14, 1952, will be remembered by many as the day that two robbers took \$6,670 and then were captured less than 45 minutes later near McHenry, after a spectacular radio directed police chase of 30 miles.

More than 20 squads of state, county and village police were informed of the robbery by radio and joined the pursuit

within five minutes after the robbers left the bank. Several of the cars were outdistanced by the robbers' vehicle, which traveled at speeds up to 90 miles an hour.

The robbers surrendered without resistance just west of McHenry after one of their tires went flat and several squads converged on them.

The two men were both from Chicago and said they had recently quit jobs at a Burlington railroad freight depot in Chicago "to get some easy money."

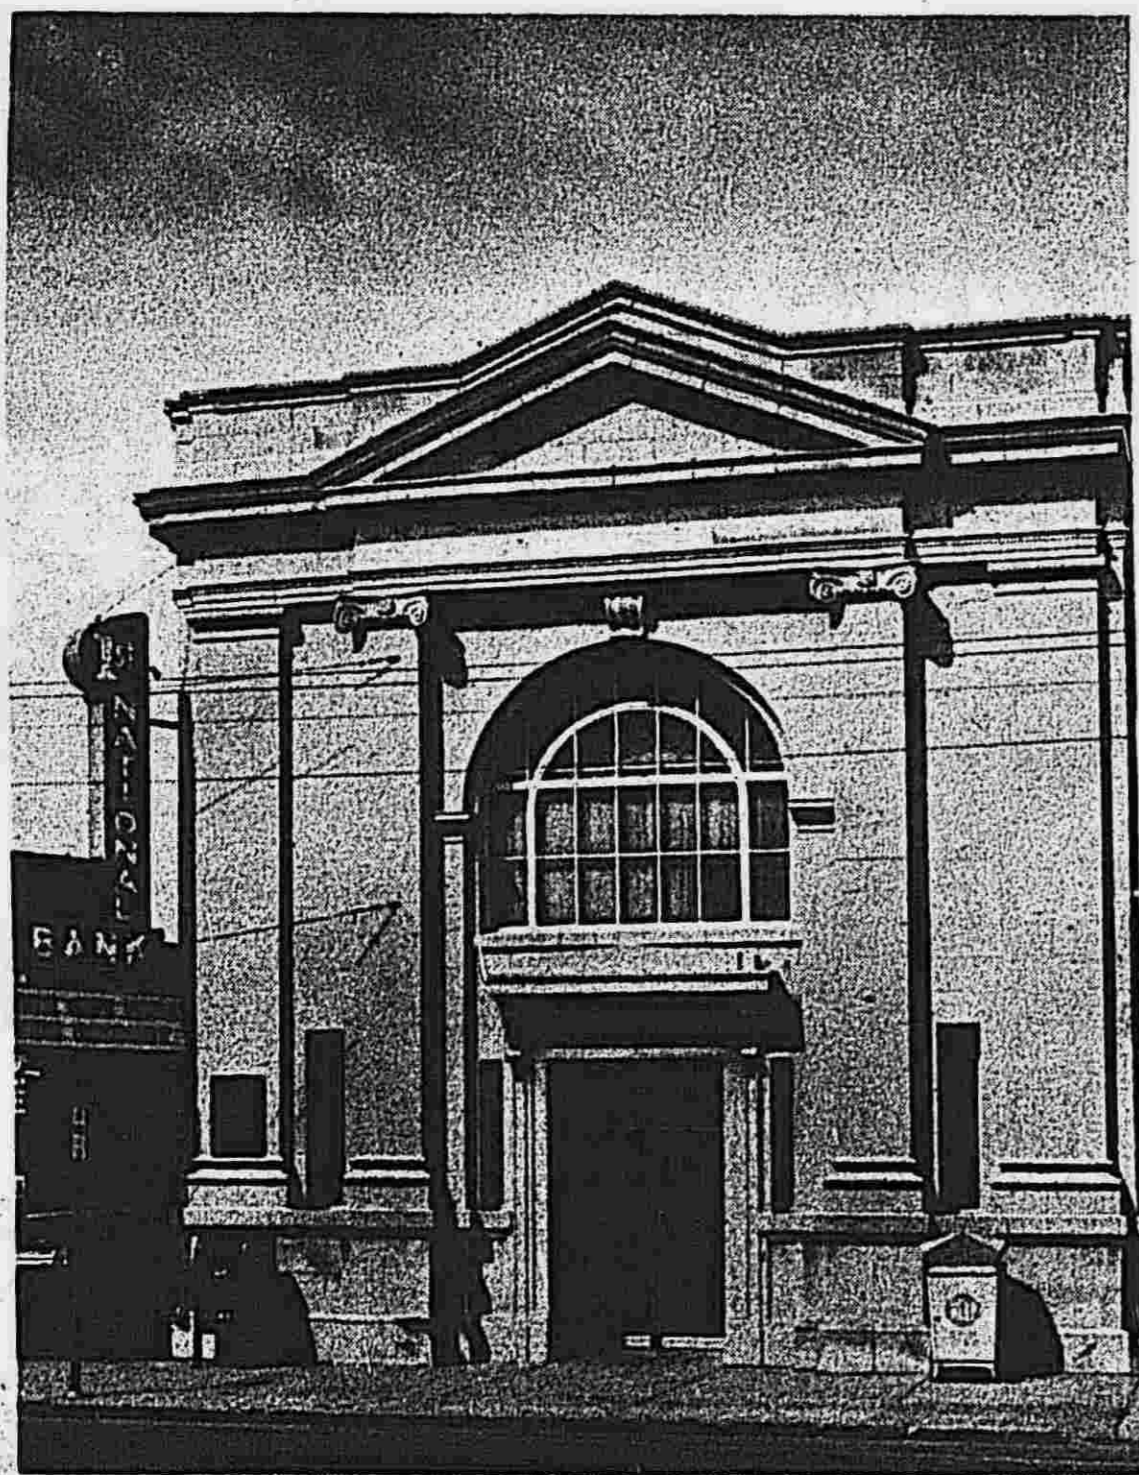

Armed with a revolver and a sawed-off shotgun, the robbers entered the bank shortly before 2:45 p.m. One placed a green shopping bag in front of one of the three women tellers and said, "Fill it up in a hurry. Put

that money in the bag."

The robbers ran out two minutes after they entered the bank and sped south on route 21.

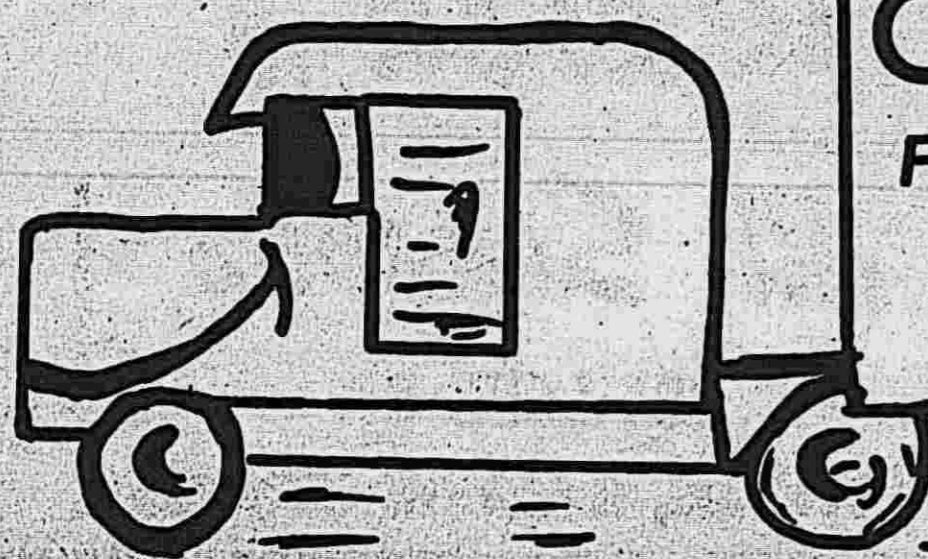

Police from Grayslake spotted the robbers and pursued them west two miles on route 120 and then on route 134 but were outdistanced. Sheriff's deputies from McHenry joined the chase just west of McHenry and fired several shots at the fugitives. The robbers stopped when the tire went flat and gave up. The men were held at the McHenry County jail in Woodstock.

This had not been the first time that The First National Bank of Antioch had been robbed. On March 3, 1950, two men and a woman stole \$5,000 from the bank. All three were later caught and served prison sentences.

"The People On The Move"

FOUNDER OF BANK DONATES SCOUT HOUSE

Mr. Charles K. Anderson, founder of The First National Bank of Antioch, was responsible for the building of the Scout House, a center for community activities ever since its completion in 1948. The building was dedicated to Mr. Anderson's wife, Mrs. Leila J. Anderson, a native of Antioch.

Mr. Anderson's gift of \$10,000, when the idea of a scout house was first conceived at a meeting of the Antioch Lions Club, October 13, 1947, caused immediate action on the part of boy scout leaders. With community participation the building on North Main Street was constructed.

Mr. Anderson turned the first spadeful of dirt for the building on May 17, 1948, and

on Sept. 19 the house was dedicated. The donor and his daughter, Mrs. William Schroeder and children who donated the grounds for the building, were present at the dedication service and Mr. Anderson gave a brief talk.

The philanthropic efforts of Mr. Anderson were not limited to Antioch. He had been a founding member of The People's Church of Chicago, which was led by Dr. Preston Bradley, and as a trustee of the church was responsible for the rebuilding of the church during his tenure on the board.

He was also greatly interested in the Uptown Boys Club of Chicago and had spearheaded a drive which netted some \$75,000 for the organization.

C.K. Anderson Founder of First National Bank

Charles K. Anderson, founder of The First National Bank of Antioch, was born in Sweden in 1867 and came to the United States with his parents when he was three years old. The family settled on a farm near New Carlisle, Ind., where he received a common school education.

As a young man, Mr. Anderson moved to Chicago where he organized the National Standard Co., in 1903, and became the president of the American Wire Cloth Company.

In 1920, he moved to Antioch where he built a home on the north shore of Channel lake.

In 1925 he founded the bank and served as its first president from 1925 to 1945.

Active in civic and political

affairs, Mr. Anderson served as a member of the Lake County Republican Central Committee and was a director of the non-partisan Lake County Civic League.

Antioch was not the only "home town" Mr. Anderson loved. He maintained a winter home at Melbourne, Fla., and at the time of his 80th birthday in 1947 responded to a question in an interview with, "I am especially interested in two towns, Melbourne and Antioch. They are exactly opposite in that I like Antioch in summer and Melbourne in winter."

Mr. Anderson was known as "C. K." by his friends and, at the time of his death in 1948, was one of the best known residents of Lake County.

Congratulations

HILMA LIGHTSEY-
FROM THE BEGINNING

Hilma (Rosing) Lightsey started with The First National Bank of Antioch during the first summer of its existence in 1926, and continued as a part time employee while she finished her senior year at Antioch High School. She continued with the bank until 1940 when she moved to Chicago and worked at the Northwest National Bank for four years. In 1953 she returned to Antioch and to The First National Bank.

Mrs. Lightsey has worked for the FNB for 33 years and has a total of 37 years in the banking business.

TOUR OF THE BUILDING

Although the floor plan was designed to facilitate the most up-to-date banking practices, careful attention was also given to customer comfort and convenience. Balanced acoustics, diligently engineered lighting, compatible color schemes and general artistic decor, all lend themselves to this end.

In addition, much care was taken to provide an expandable floor plan so that additional facilities can be added as they are needed.

Located on the first floor the regular teller stations and the offices of officials of the

Located on the first floor are the regular teller stations and the offices of officials of the bank. New to our area are the sit-down teller stations. These windows are designed for customers who have several transactions, bonds or travelers cheques to sign. One of the sit-down windows is a children's window so that the younger customers of the bank can reach the counter and learn to handle their own transactions.

Also on the first floor is located "The fastest teller in town" -- the new drive in service which offers speed and convenience from the new Visual Auto Teller. It gets your banking done quickly and easily with four drive-in stations.

The loan department is situated on the main floor for customer convenience. Here, too, the bank has provided private conference offices for discussion of more private banking needs.

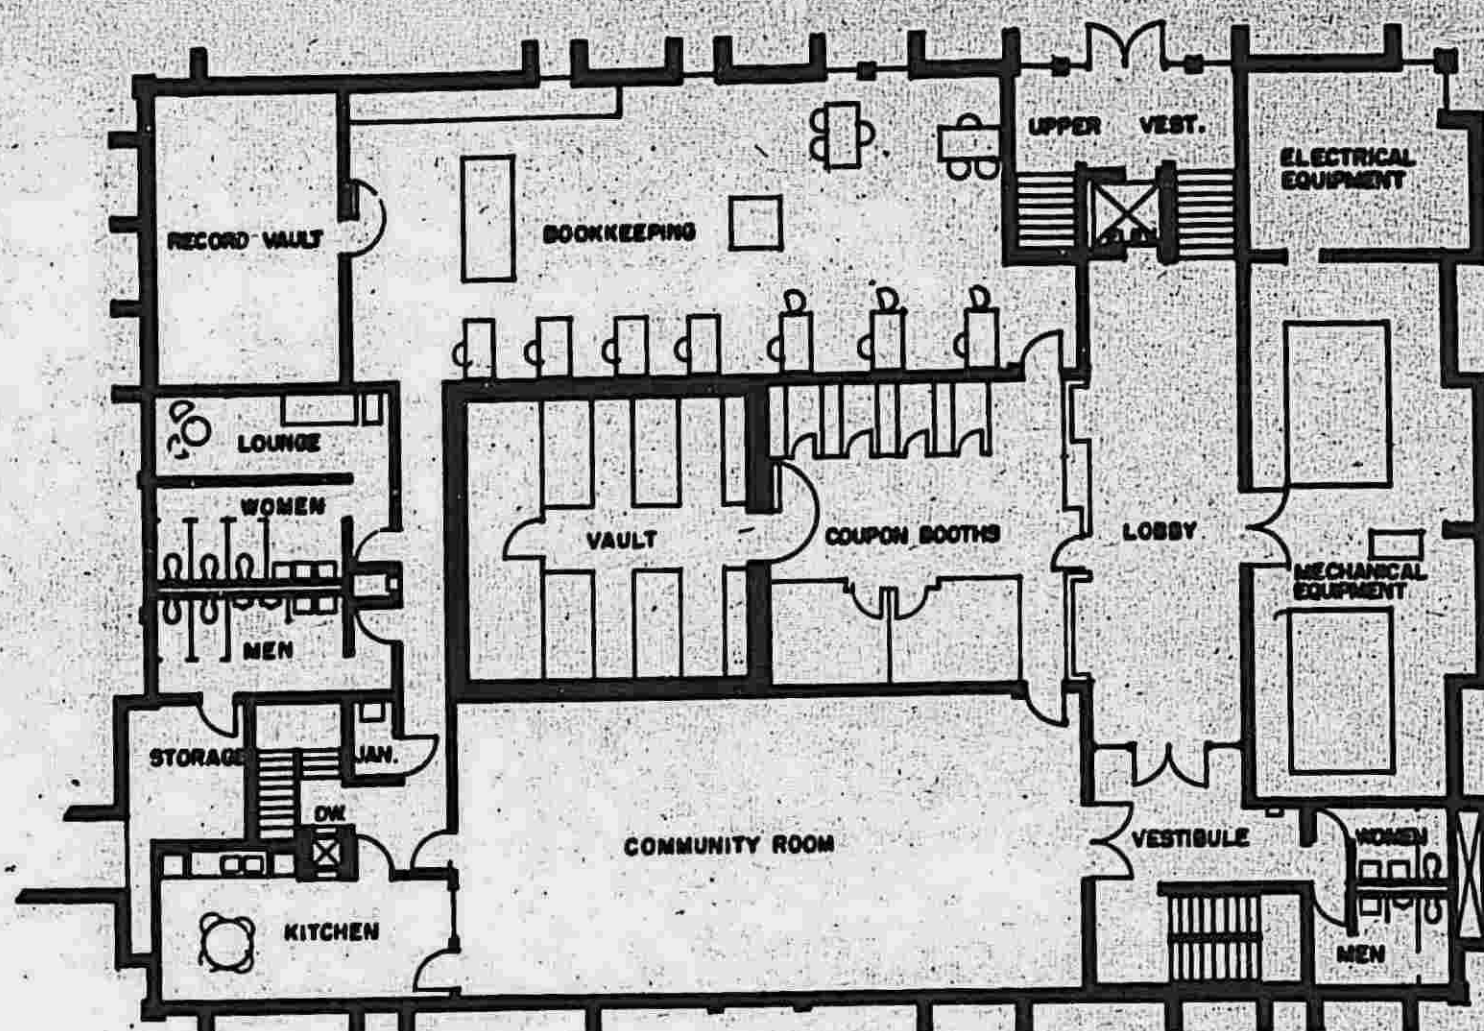

The new First National Bank vault with its 6½ ton vault door is found on the lower level. Four generous booths for safe deposit customers and a full-time vault attendant assure prompt and efficient service in this department.

Also on the lower level will be found the Bookkeeping depart-

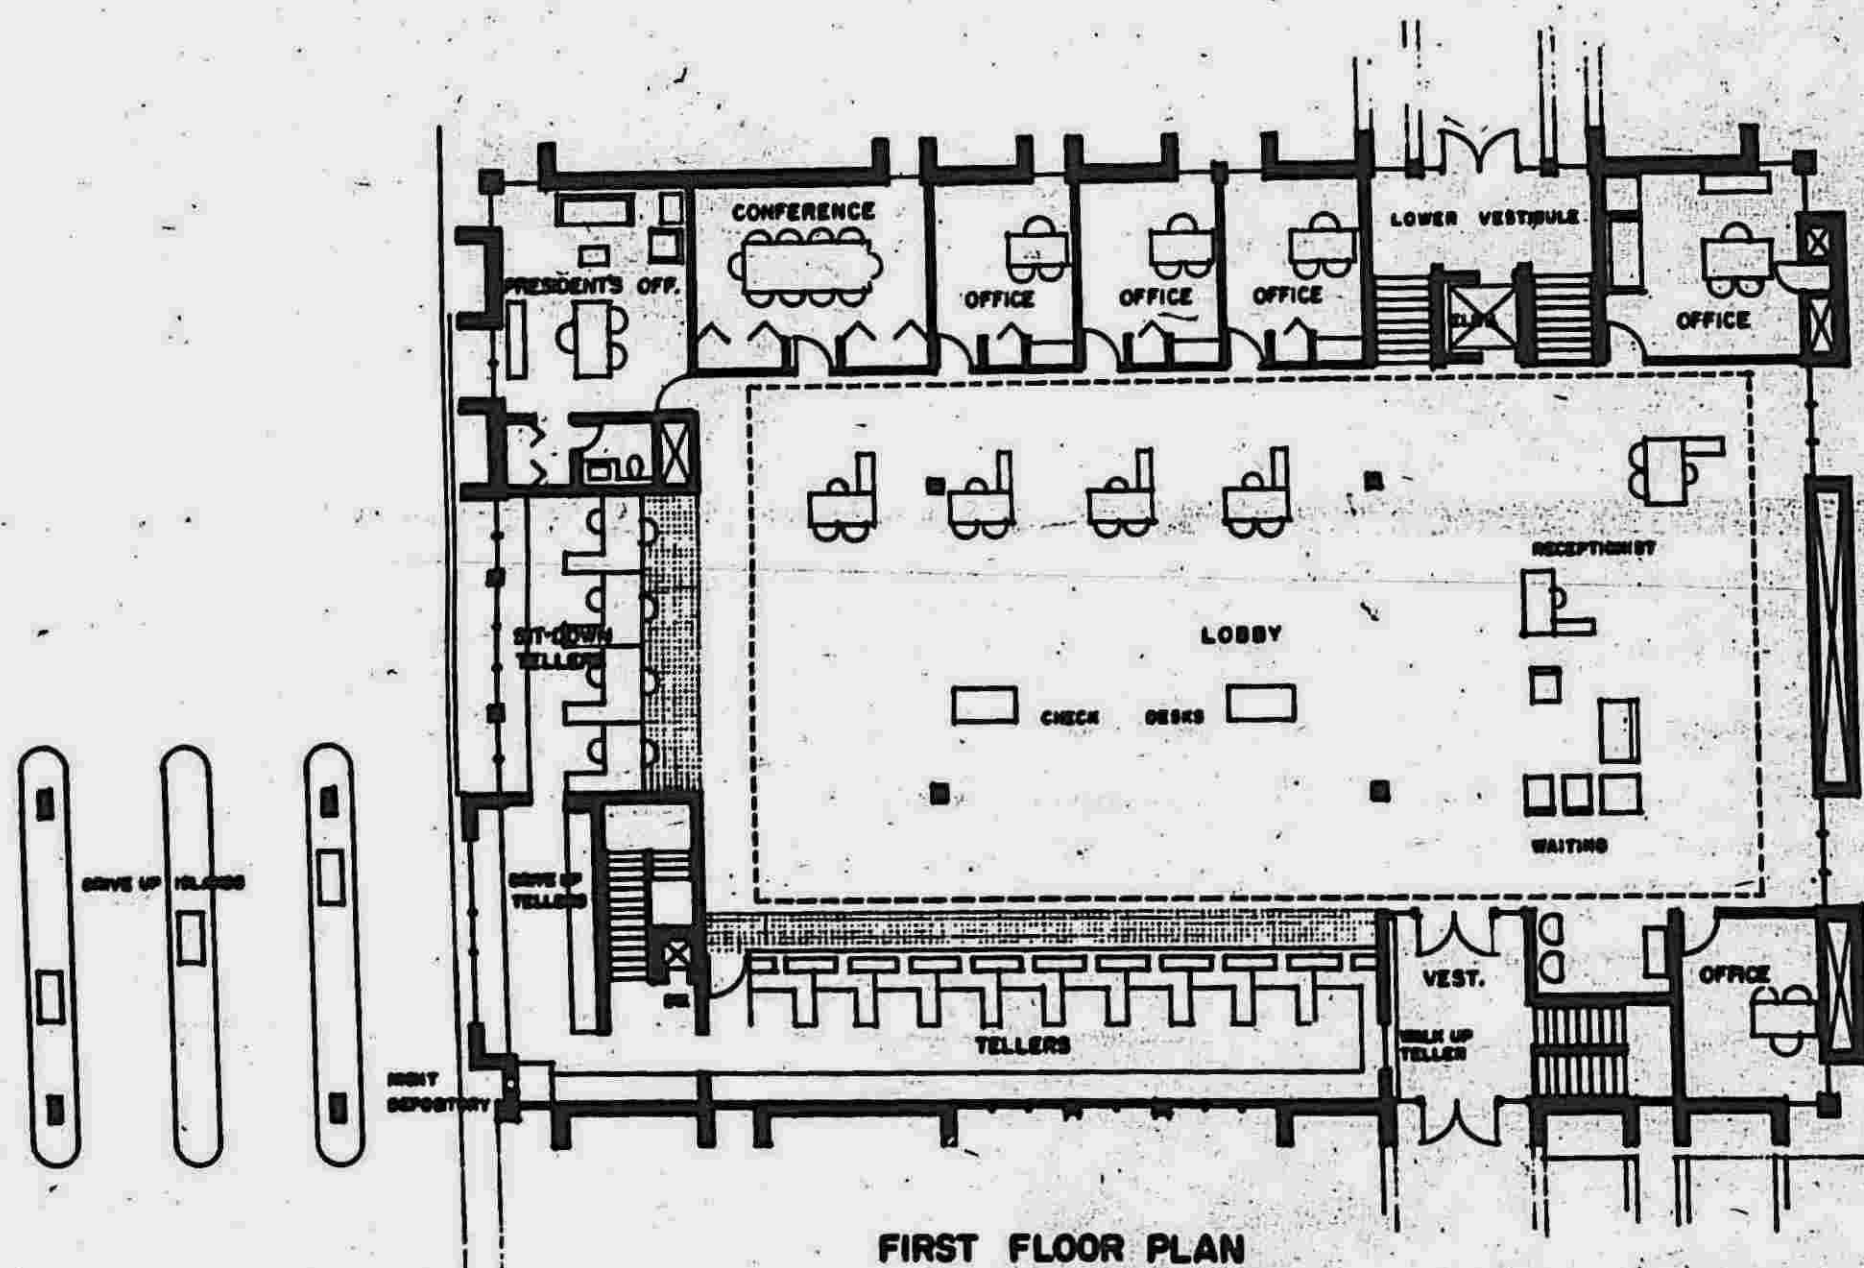

ment which has been constructed for better faster service with new equipment and methods to provide customers with the best service possible. Adjoining the bookkeeping department is a new record vault.

A community room and kitchen on the lower level was planned to serve Antioch for public meetings and for use by organizations.

"Remember, it is our pleasure to serve you. We invite you to help us build a greater, more prosperous community."

UNIQUE "SIT DOWN TELLERS"

Mr and Mrs Glenn get special attention at the sit down tellers window from Trudy Mann

A unique feature of the new First National Bank of Antioch is the "Sit Down Teller" stations. The four units, constructed of oak and Parkwood-Black leather which reflect the general decor of the bank, provide maximum privacy and convenience. Customers can sit at the desk type counters to handle time consuming transactions such as the purchase of travelers checks or bonds, and complex deposits.

Senior Citizens will find the comfortable sit down units extremely helpful and convenient.

MORE "FIRSTS" THAN ONE

The First National Bank of Antioch has a number of "firsts" to its credit.

It was the first bank in northern Lake County to provide a sidewalk teller's window, a TV drive-up unit and a satellite facility.

The bank moved from its original building to its second building in 1966. At this time the TV drive-up window was installed.

In 1967, the satellite facility was built in the Antioch Shopping Plaza at Orchard and

Hillside to offer the bank's customers complete banking services at drive-up windows as well as a lobby window.

With the construction of the new building on Lake Street the First National Bank adds another "first" to its record. Dominating the East wall of the main lobby is the first direct color photo collage ever created. Designed by Joe Rush of B.J. Rush Studios in Antioch, the gigantic mural offers a pleasant visual tour of highlights of the Antioch community.

SAMMY SEQUOIT STATION

A Kiddie Korner will be one of the features of the new First National Bank of Antioch. One of the sit down teller stations will be set up especially for the use of children. They will be able to see the teller and handle their own transactions at the low station.

Children will also be able to take advantage of a special children's savings account. "Sammy Sequoit" accounts will earn interest on any amount of deposit no matter how small. The special accounts are designed to help children learn to save.

Elaine Palm Cashier

In December, 1971, Elaine Palm was awarded the distinction of being appointed Cashier of the First National Bank of Antioch, one of the few women to hold such a position.

Elaine came to Antioch from Chicago in 1946. She is married to James P. Palm. The couple have one son, J. Kenneth Palm.

Mrs. Palm has graduated from classes in real estate and business law. She has also graduated from the Ball State University Seminar and the Illinois Bankers School at Southern Illinois University at Carbondale.

She is a member of the Antioch Methodist Church, Antioch Women's Club, National Association of Bank Women, and the Association of Chicago Bank Women, and the Credit Women's Club.

FIRST NATIONAL BANK BOARD OF DIRECTORS

Seated (l to r) Lorraine Schroeder, Edwin J. Sletten, Russell Barnstable, Edmund F. Vos, Dr. William C. Petty. Standing (l to r) Edward C. Jacobs, Charles Schroeder, Henry A. Pickard, John Blackman, LaVerne Woods, Richard Schroeder and Raymond Jenssen.

Edmund Vos

Edmund Vos and Antioch began their association together in 1921 when Ed came to Antioch from Burlington, Wis., and began working at the lumber yard that he and his brother, Herbert, bought just four years later.

Ed's progress in business and in civic dedication seemed to go hand in hand.

He was the first president and a charter member of the Antioch Lions Club. He served on the Village Board for 15 years and is a member of the local Chamber of Commerce, Moose Club, and Knights of Columbus. He has served on the board of the Lake county Public Water District since it was established in 1951.

Mr. Vos was elected to membership on the board of directors of The First National Bank in 1937 and he has watched the bank grow from assets of less than half a million dollars to its current 19 million dollars.

In 1929 Ed and his wife, Louise, were married. They have one daughter, Luisa, who is married and living in a suburb of Milwaukee. Both Ed and his wife are members of St. Peter's Church.

Hunting and fishing are a great part of Ed's life, but travel now occupies much of his leisure time.

Mrs. Leila Schroeder

Mrs. Leila Lorraine Schroeder's association with the First National Bank of Antioch is probably more extensive than any other member of the board of directors. Born Leila Lorraine Anderson, her father, Charles K. Anderson, was the first president of the First National Bank when it was organized in 1925. Prior to that her grandfather, Edgar Booth Williams, the son of early settlers of Antioch, served as president of the original First National Bank until it merged with The State Bank in the early 1920's.

Mrs. Schroeder graduated from Girls' Latin School in Chicago and from Northwestern University where she was a member of Kappa Alpha Theta and was elected to Mortar Board, an honorary society for women.

Mrs. Schroeder married William Edward Schroeder, Jr., who served as the second president of the bank succeeding his father-in-law.

Elected to the board of directors in the late 1940's, Mrs. Schroeder later resigned but was reelected again in 1956 and has served continuously since that time.

Mrs. Schroeder's deep sense of community responsibility is reflected in the number of organizations she has served as president—The First Park District of Evanston, the Evanston-North Shore Alumnae Chapter of Kappa Alpha Theta, the Chicago-North Shore Alumnae Panhellenic Society, and the Mother's Club, Phi Delta Theta, of the University of Indiana.

Her family includes five sons and one daughter: William of Sarasota, Fla., Charles, John, James and Richard, all of Evanston, and Nancy Anne of Los Angeles, California. Mrs. Schroeder has seven grandsons and six granddaughters.

Richard and Charles Schroeder

Two of Mrs. Schroeder's sons sit on the board of directors: Charles Schroeder of Evanston, Illinois, serves as treasurer for the Miami Corporation and is also a member of the board of The National Boulevard Bank of Chicago; Richard Schroeder, also of Evanston, is the assistant cashier of the National Boulevard Bank of Chicago.

Edwin J. Sletten

Edward J. Sletten joined the staff of The First National Bank of Antioch in 1942. His tenure with the bank saw the assets of the organization rise over 700

per cent. He served under each of the first three presidents of the bank: Anderson, Schroeder and Barnstable.

He rose to the position of vice president and retired in 1966 as the bank moved into new quarters.

Henry Pickard

Henry (Pete) Pickard has been part of the active industrial scene in Antioch since 1956 when he stepped into the family business, Pickard, Inc., to assist his father. In 1966, Mr. Pickard was named president of the company. He continues to lead the company which is noted as the manufacturer of some of the finest china produced throughout the world.

Pickard resides in Winnetka with his wife Barbara and his

three children.

Mr. Pickard is active in the Antioch Industrial Council, the Antioch Chamber of Commerce and the New Trier Township Republican Organization.

Russell Barnstable

Russell E. Barnstable was first officially associated with The First National Bank of Antioch in January, 1939 when he was elected to the board of directors. He served on the board continuously until 1956 when he was elected president of the bank, only the third person to serve in this capacity. The assets of the bank rose from less than \$5,000,000 to over \$11,000,000 during Mr. Barnstable's thirteen year tenure as president. In 1969 he was elected Chairman of the Board of Directors, the position he currently holds.

Born March 10, 1906 to Eva (Shugart) and Albert Barnstable on a farm on Beach Grove road in Antioch, Mr. Barnstable was raised and received his education in various farm areas of Wisconsin with short sojourns in Washington State and Detroit, Mich.

Russell returned to Antioch in 1924 to take a summer job with William's Department Store. Later he worked for nearly two years for Chase Webb. At 20 years of age he returned to William's Department Store as a clerk and bookkeeper.

Russell and Myrtle May Norman were married in June, 1937 and had two children: Jim, a biology teacher and coach in the high school at Clinton, Wisc., and Roselle, secretary to the head of data processing at Abbott Laboratories.

In 1947 Russell formed a partnership with Mabel Brogan and opened Barnstable and Brogan's Department store in what is now the Illinois Bell Telephone Business Office. In 1958 the store moved to larger quarters at 945 Main Street, its current location.

Mr. Barnstable has been active in community activities all his adult life and has served on many boards and committees of The Antioch United Methodist Church, the Antioch Chamber of Commerce, The Boy Scouts and several others.

He was widowed in 1970 and, some two years later, sold "Barnstables" to Donald R. Peterson.

On March 4, 1972, Russell married Florence Vaupell Revell. The couple plan to spend their summers in Antioch and the winter months in Florida.

Edward C Jacobs

Edward C. Jacobs was born on March 28, 1915, in Chicago, Illinois, and now resides at 400 Harden Street in Antioch.

After attending parochial schools and Loyola University in Chicago, Mr. Jacobs was graduated in 1940 from Loyola University Law School with a J. D. Degree.

"Ed" is married to Irene J. Jacobs and has three sons: Jerald who is connected with a law firm in Washington, D.C.; Douglas, in business for himself in Northbrook, Ill.; and Robert, in business for himself in Riverside, Calif.

Mr. Jacobs, a member of St. Peter's Catholic Church, began the general practice of law in

Antioch in January, 1942, and has maintained his practice through the present time. He is presently in partnership under the name of Jacobs and Clark.

He interrupted his law practice to enlist in the United States Navy and served as an officer in the Pacific during the years 1944, 1945, and part of 1946.

Mr. Jacobs has been municipal counsel for the Village of Antioch from 1946 until the present time and for the Village of Fox Lake from 1955 to 1965.

Since its founding in 1960, he has been retained by the Antioch Savings and Loan Association as its general counsel and has served on its Board of Directors.

For the past 30 years, Mr. Jacobs has been general counsel for The First National Bank of Antioch and, for the past five years, a member of its board of directors.

Dr. W.C. Petty

Dr. W. C. Petty, a member of the board of directors of First National Bank of Antioch since 1952, was born on a farm in Richland County, Ill. He attended a rural one teacher school and was graduated from Olney Township High School. He holds degrees from Illinois State Normal University, the University of Chicago and an honorary Doctor of Humane Letters degree from Lake Forest College. He was teacher principal and superintendent in the public schools of Illinois until March 11, 1931, when he was inducted into office as county superintendent of schools in Lake County, Ill. Dr. Petty held this position continuously until August 1971. His tenure in office made him the Dean of the Illinois county superintendents of schools.

Dr. and Mrs. Petty reside in Antioch. He is a member of the Antioch Methodist Church and holds memberships in several honorary educational and social science fraternities. In 1941, Dr. Petty was appointed by Governor Green as one of the nine members to constitute the Illinois Public School Commission set up for the

purpose of codifying all laws of the State of Illinois pertaining to public schools and public education.

On February 25, 1960, Dr. Petty organized the Special Education Joint Agreement District of Lake County for the benefit of boys and girls who could not be adequately educated in the regular classroom. He considers this one of his outstanding achievements.

Upon his retirement Dr. Petty was honored with a county wide Recognition Dinner at the Beach Park State Lodge. He was awarded many plaques, scrolls, letters and resolutions from state and national governmental agencies.

RAY JENSSEN

Ray Jenssen has been a merchant in the area for over a quarter of a century. Prior to his enlistment in the Navy in 1942, Ray ran a small grocery and miscellaneous store in in Deep Lake for two years. After his discharge from the Navy, Ray returned to Antioch and worked at the National Store until it was burned out. Offered the choice of working in Barrington or some other distant location, he calmly walked to the A & P and was taken on as the assistant manager.

In 1947 Ray Jenssen married Elizabeth Erickson. After a short stay in Woodstock, Ill., the Jenssens returned to Antioch with their daughter Diane and, in 1953 created, with a partner, Gibbs and Jenssens Sporting Goods. Ray's knowledge of the business and easy going friendly manner made this store an instant success and in 1967, having taken over the business himself, opened up a second operation, the Carrousel Shop. Two years ago the original Gibbs and Jenssens was sold to Don Walsh.

Besides his directorship with the First National Bank of Antioch, Ray is also on the board of directors of the Hastings Y.M.C.A. Camp. He is also an active member of the local Lions Club.

Along with travel, Ray

enjoys sports as a hobby. When time permits, he can be seen along a lazy creek, on the links or trying his luck at bowling.

John Blackman

The most recent member of the board of directors of The First National Bank of Antioch is John Blackman, a lifelong resident of the Antioch area. A 1940 graduate of Antioch High School, John entered the contracting business in 1942 employed by Arthur Laursen. That same year he enlisted in the Navy and served in the Submarine Service on board the U.S.S. Sandlance. The Sandlance was awarded the Presidential Unit Citation for action in the Pacific.

John also attended the University of Minnesota as a result of his Naval service.

Returning to Antioch and the contracting business, John entered partnership with his former employer in 1951 and was able to buy out Mr. Laursen by 1958. In 1960 Laursen and Blackman Company was incorporated with John's wife, Lorraine, and his two sons Donald and Thomas joining him

as officers of the company.

The growth of Antioch is fairly well reflected in the expanding activities of John Blackman which include land development, industrial leasing, multiple development and management and building, and real estate and insurance brokerage. Laursen and Blackman Co. currently employs approximately 32 persons in its expanding enterprises.

Mr. Blackman's community involvement is as varied as his business career. He is a Past Master of Sequoit Masonic Lodge, and Village Board Trustee from 1953 to 1962, a Little League enthusiast in the early stages of its development in Antioch, an active member of the Lion's Club, and a former member of the board of education of Antioch Community High School.

John Blackman has represented growth in Antioch -- it seems fitting that he should join in the activities of a growing bank.

HOW DO YOU START A BANK?

How do you start a bank? If these notes taken from the first directors meeting of the First National Bank of Antioch are any indication its rather simple!

"December 23, 1925

"A directors' meeting was called to order Dec. 23, 1925, following a stockholders meeting.

"Directors present were:

"R. C. Abt, George Wedge, Dr. H. Hardt, William Rosing and G. C. Grindley. After taking the oath of office they proceeded to organize.

"A motion was made and carried that Mr. C. K. Anderson be appointed President.

"A motion was made and carried to appoint R. C. Abt Vice President and William A. Rosing, Vice President.

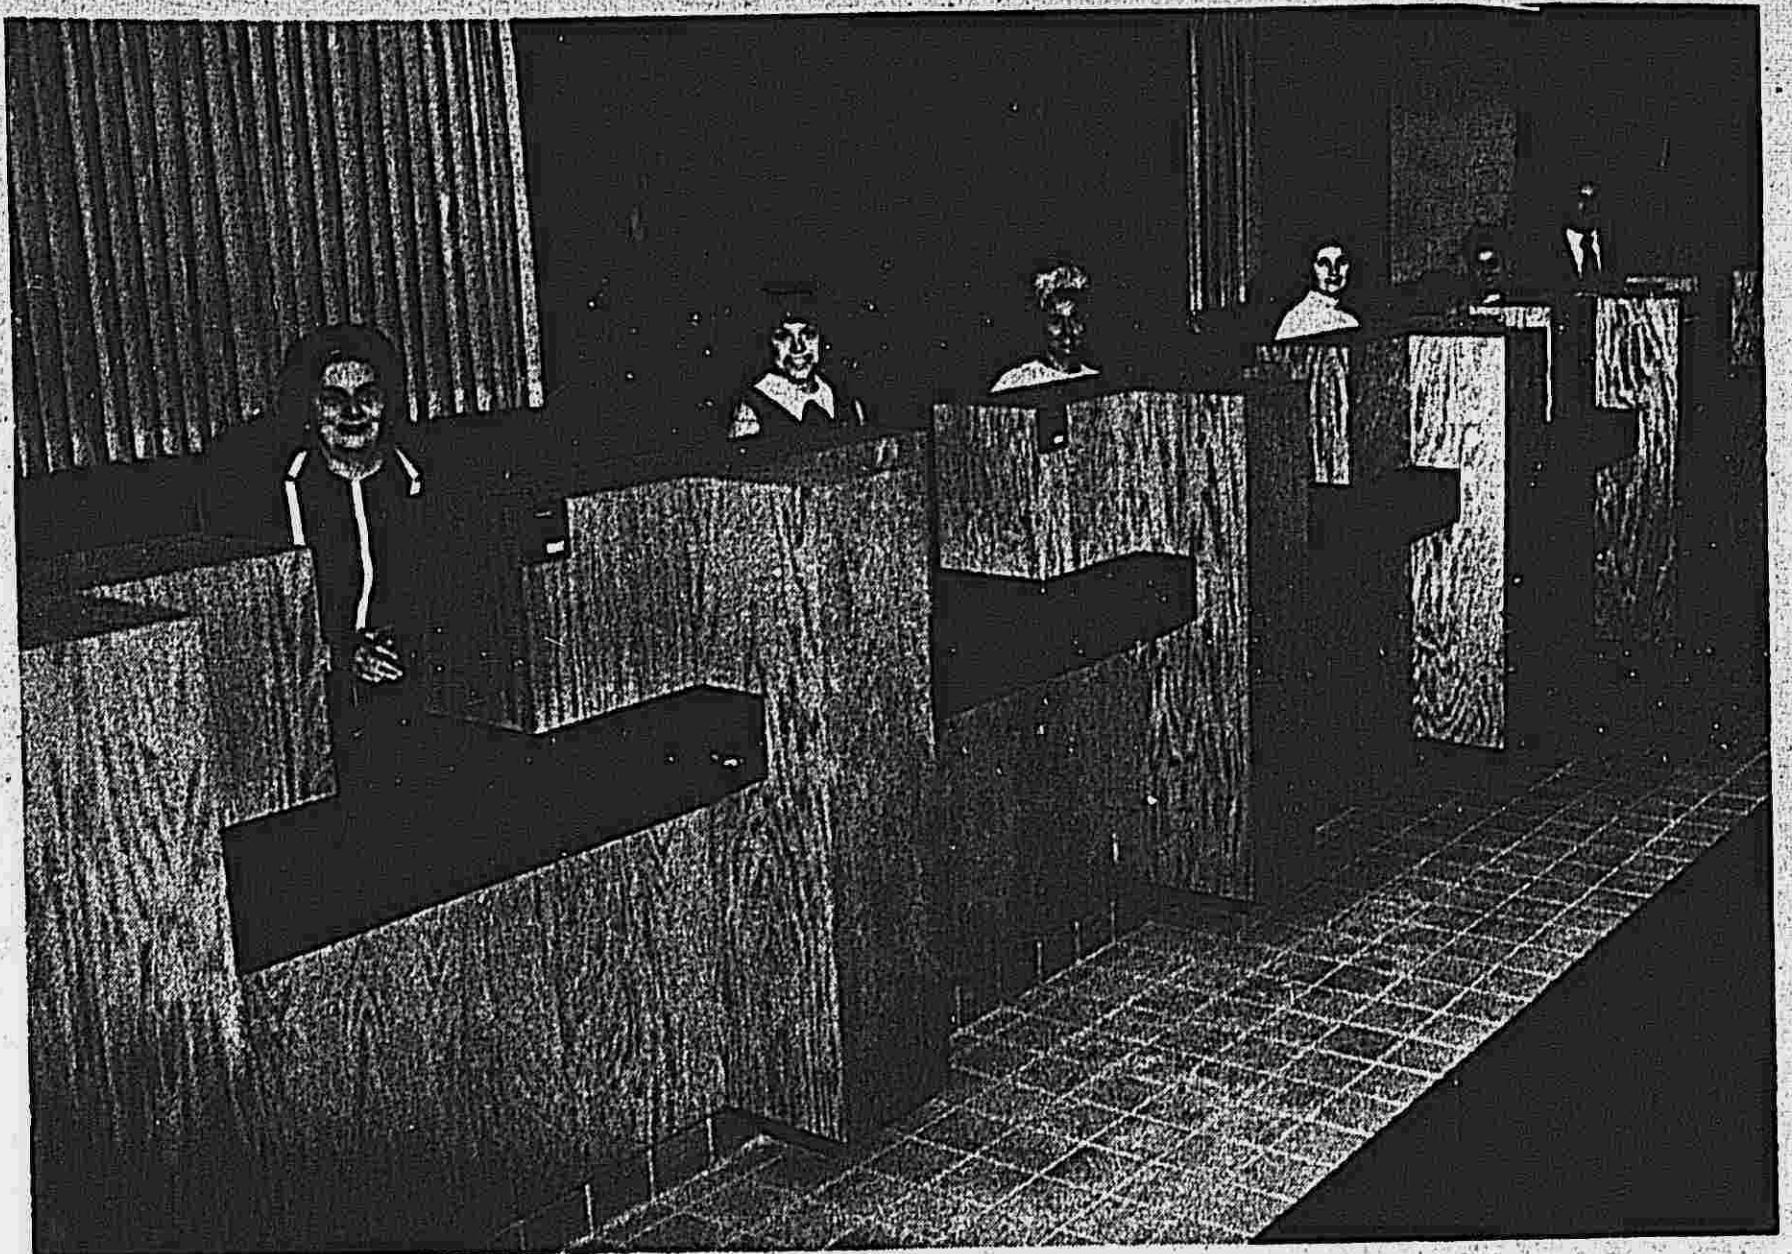

"A motion was made and carried to appoint S. Boyer Nelson Cashier.

"Miss Edna Thibault was appointed Teller and office assistant.

"Hours for the new bank were set from 9:00 to 12:00 a.m. and 1:00 to 4:00 p.m.

"It was moved that the doors of the First National Bank of Antioch be opened for business on January 1st, 1926 or as soon thereafter as possible to do so.

"There being no further business the meeting was adjourned."

TELLERS

TRUDY MANN, NANCY CAMARA, CATHERINE O'NEILL,
CAROLYN VAN PATTEN, MARCIA ZELINSKI, STEVEN REVELL

GROWTH

The growth of the First National Bank of Antioch can best be ascertained by a review of its yearly statements of condition:

1926	\$196,173.98
1930	480,884.57
1935	308,420.64
1940	457,777.34
1945	1,750,539.25
1950	2,513,248.75
1955	3,973,277.73
1960	5,576,174.83
1965	7,551,291.35
1966	7,267,605.90
1967	8,545,699.10
1968	10,713,474.33
1969	11,468,727.44
1970	13,893,735.24
1971	15,744,076.96
Oct. 1972	19,839,041.14

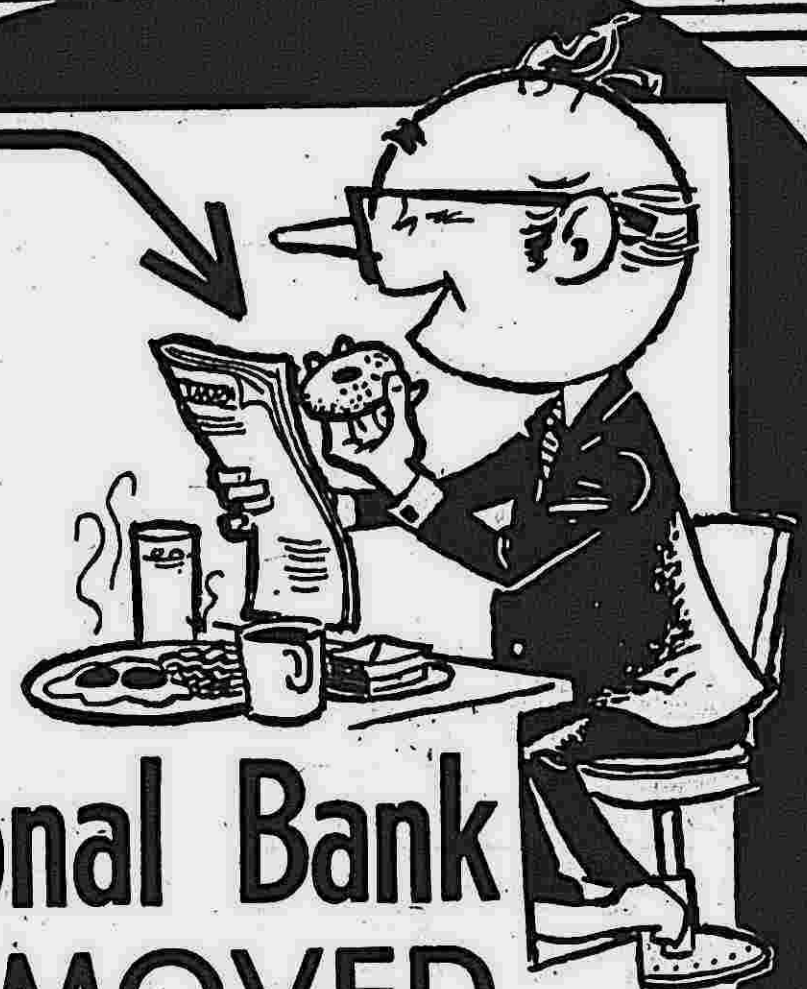

Another interesting comparison can be made through the numbers of accounts, checking and savings, between 1926 and 1972:

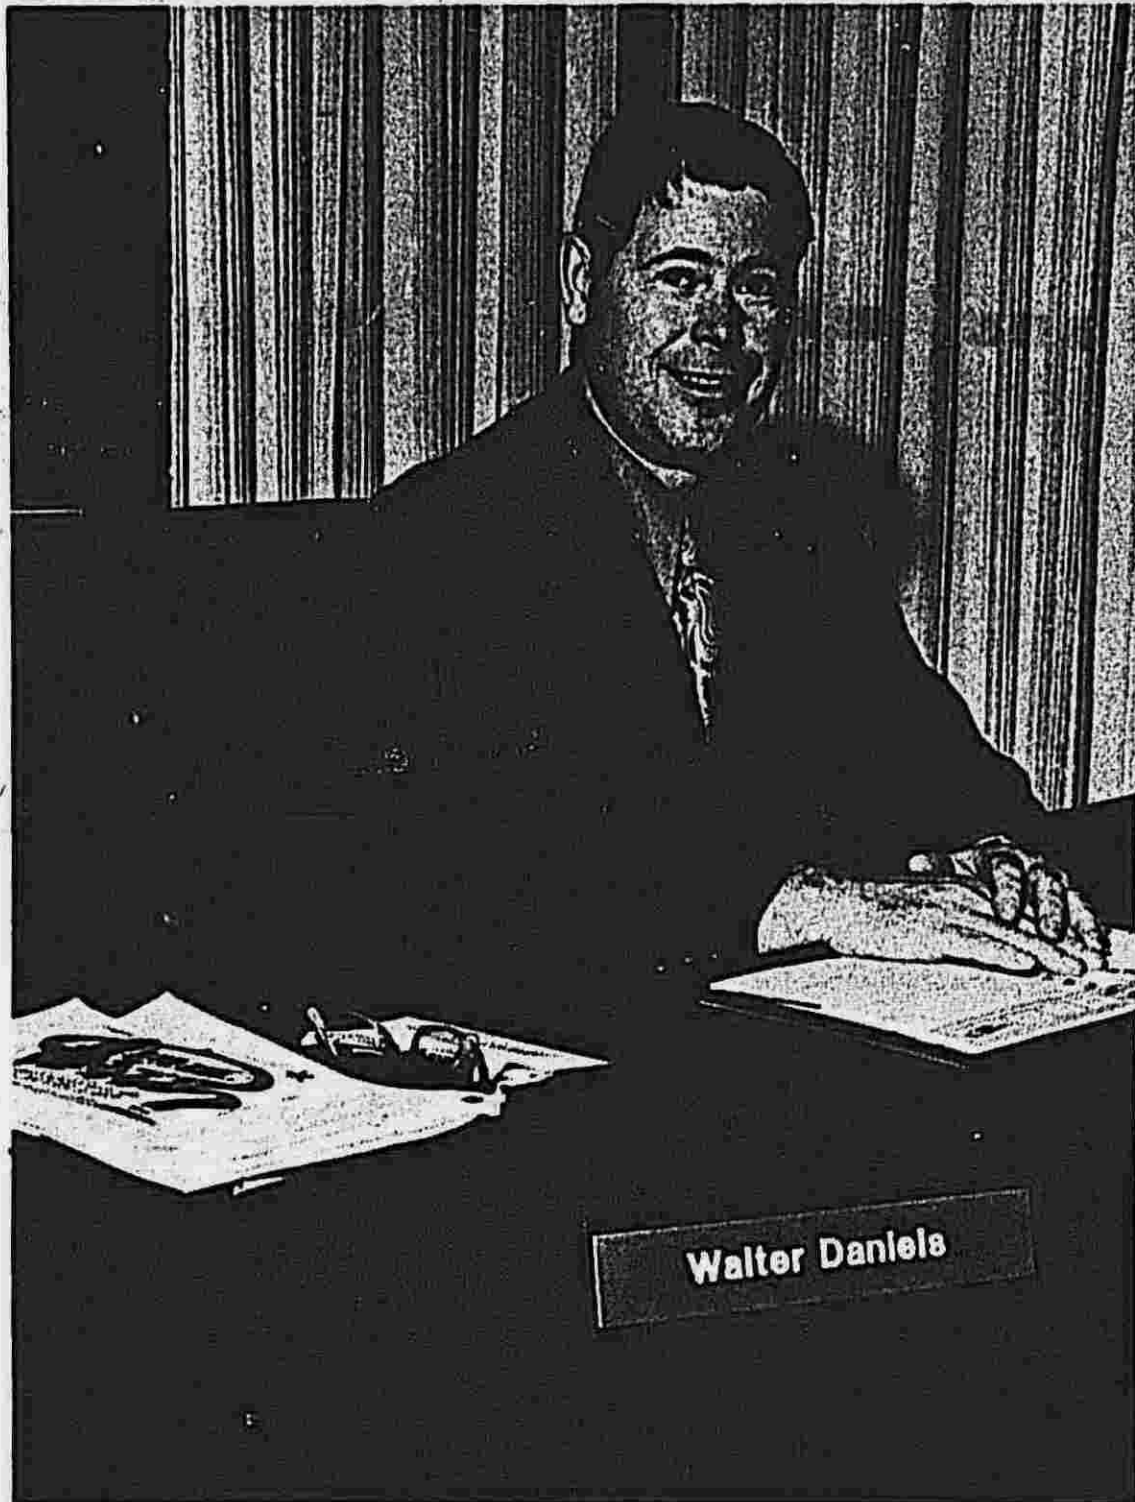

Total number of Accounts May 1926	
Checking	130
Savings	70
Certificates of deposit	10

Total number of Accounts October 1972	
Checking	2,460
Savings	4,204
Certificates of deposit	1,404

WALTER DANIELS

Walter Daniels, vice president of The First National Bank of Antioch, came to the bank in 1966 as assistant vice president. Prior to his move to Antioch, Mr. Daniels had held a similar post with the Wheeling Trust and Savings Bank. The Daniels family is a banking family: Mrs. Daniels is an officer of the Citizens National Bank of Waukegan.

Daniels is a graduate of the Illinois Bankers School, Southern Illinois University at Carbondale, Senior Bank Officers Seminar at Harvard Business School, American

Bankers Assn. Personnel School at Kansas City, Ball State University Seminar and the University of Wisconsin Graduate School of Banking.

He is a member of Our Lady of Humility Catholic Church in Wadsworth. He is an active member of the Rotary Club of Antioch and a member of the Elks Club of Waukegan.

Avid Sportsman best describes Mr. Daniels leisure activities: Skiing, golf, tennis, hunting in South Dakota and fishing in Canada are high on his list of recreations.

"FASTEST TELLER IN TOWN"

"The fastest teller in town" is an apt description of the new drive-in service you'll enjoy at the First National Bank of Antioch. The speed and convenience of the new Visual Auto Teller helps get your banking done quickly and easily with four drive-in stations. Safety is also a feature of the Visual Auto Teller. All transactions are carried from the customer to the teller and back in a constant contact carrier -- nothing loose

to off balance the equipment and cause a shut-down. Even a power failure can't stop this equipment completely -- all the drive-in units are serviced by a tunnel and can be reached in moments if the need arises.

If the transaction is a particularly bulky one, the drive-up window located closest to the building is designed to handle it -- no need to park and enter the bank even if your deposit is made up of bags of coins.

FIRST NATIONAL BANK OFFICERS

officers of The First National Bank are: seated - Emma Zimmerman, Elaine Palm, Jean Irving. Standing l to r are: Walter Daniels, LaVerne Woods, Richard Koenig, and Peter Clevon.

FOUR PRESIDENTS

During its entire 47 years existence, only four men have served as president for The First National Bank of Antioch.

The first president of the bank, C. K. Anderson, was elected to the post in December, 1925, and served until 1945.

Wm. E. Schroeder succeeded Anderson in 1945 and served until 1956.

In 1956, Russell Barnstable assumed the duties of the president and served until his election as Chairman of the Board in 1969.

LaVerne M. Woods is the fourth man to head up the operation of The First National Bank, having assumed the responsibilities of president in 1969.

IT'S A SMALL WORLD

Jean Irving began her career with The First National Bank of Antioch fresh out of high school in 1947. She remembers very vividly a day in November, 1952 when she had to call in a report to the police that the bank had been robbed. The incident was recalled for her the other day when Jack Wells, Antioch Police Chief, was in the bank and stopped by her desk to say, "Aren't you the girl who called in the robbery several years ago?" More than a little surprised Jean said she was. "Well, I was the guy who took the call -- don't you remember?"

It turned out that Chief Wells was the state trooper on duty that day and that he had played an instrumental part in the apprehension of the robbers. It's a small world!

KIDS ASSIST IN GROUND BREAKING CEREMONY

When plans for a ground-breaking ceremony for the First National Bank's new Lake Street building were drafted they proved to be a refreshing change from the normal, rather stilted activities which are normally associated with that type of an affair.

The accent was on youth — and youth was there in large measure. When the signal was given literally dozens of children attacked two huge sandpiles in which "treasure" had been hidden. One bystander at the event noted that, "With just a bit of encouragement I think these kids could complete the entire excavation today!"

Formal activities had preceded the children's more

exuberant groundbreaking. Pastor P. O. Laurin, of St. Stephen's Lutheran Church, asked the Invocation and Mr. LaVerne M. Woods, President of the bank, introduced three of the original employees of the bank when it occupied its first building in 1926: S. Boyer Nelson, original cashier for the bank, and Hilma (Rosing) Lightsey and Vera (Rentner) Horton. Mr. Nelson, Mrs. Lightsey and Mrs. Horton had the honor of officially taking the first shovelful of ground at the new site.

Early that morning the First National Bank had hosted a champagne breakfast at Paty's Lounge to honor the official ground breaking participants and other guests invited to the ceremonies.

OUT OF THE OLD

\$20,000,000.00 MOVED.....

Who would ever guess that last Wednesday, October 18th, \$20,000,000.00 was moved skillfully, unobtrusively and safely across town? Greyhound, Mayflower or even Brinks were not on hand to assist with the move. Instead, our own Antioch Police Department did the job with great skill and efficiency.

The money belongs to the First National Bank of Antioch and it was moved from the corner of 83 and Lake Street to 485 Lake Street. Chief of Police Jack Wells saw to it that there was absolute security in both banking facilities and on Route between the banks. The move was made in an orderly and efficient manner. Nothing came up during the move in the nature of enforcement.

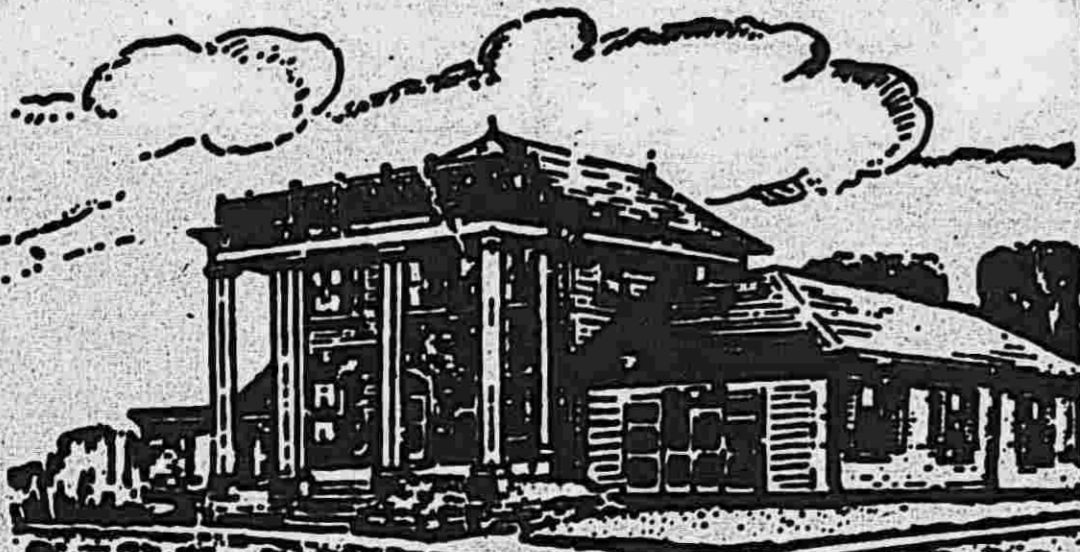

Chief Wells, who is an old hand at moving banks, had carefully planned the move. The entire Antioch Force was on hand to help with the exception of one patrolman who answered everyday calls during the time of the move. Two State Troopers from the Elgin district were also on hand along with one Deputy Sheriff from the Lake County Sheriff's office. In all eight uniformed men maintained the

tight security which led the \$20,000,000.00 safely to its new home. The amount of manpower was more than likely a definite deterrent to anyone who was bent on tampering with the money.

The move began between 8:00 and 8:30 a.m. Wednesday morning and was completed at about 2:30 p.m. The currency

was moved in a manner that was known only to the chief of Police and the Bank President Mr. Woods. A large amount of coinage, however, was transported to the new bank in the back of a pick up truck. The pick up truck also carried several policemen riding on back, including Chief Wells.
